Education:

BSW from Mary Baldwin University Currently in grad school for MSW at Walden University

Activities and Interests**Memberships in Civic, Not-for-Profit, and Similar Organizations:**

NASW since 2012 Cville Tulips since 2022

Interests:

I am deeply committed to advancing equity through both direct practice and systemic change. Professionally, my interests include expanding access to equitable and affordable mental health services, promoting food security, housing stability, and education equity for vulnerable populations, and engaging in macro-level social work advocacy that reflects NASW values of service and social justice. I am also passionate about integrating evidence-based, trauma-informed clinical care with broader policy initiatives to create sustainable change. Personally, I am drawn to opportunities that allow me to combine my creativity and compassion—whether through community engagement, writing, or developing innovative resources that empower individuals and families to thrive.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I am seeking to serve on the Community Policy and Management Team because of my deep commitment to advancing the well-being of children and families in Albemarle County and the City of Charlottesville. As a clinical social worker currently pursuing my Master of Social Work degree, I bring both frontline experience and an academic foundation in policy, advocacy, and systems-level change. Throughout my professional and educational journey, I have worked with vulnerable populations experiencing food insecurity, housing instability, educational barriers, and limited access to mental health care. These experiences have reinforced my belief that meaningful progress comes through collaborative efforts that connect direct service with systemic policy and resource development. I am particularly drawn to the CPMT's responsibility for establishing policies and procedures that govern services to children and families. My background in policy analysis and community engagement equips me to contribute thoughtfully to these discussions, ensuring that decisions reflect both state mandates and the unique needs of our local community. I also value the team's role in data collection and reporting, as evidence-based decision-making is critical for accountability and for advocating for resources at the state level. My academic focus on social justice and equity aligns with the CPMT's mission to ensure that services are accessible, trauma-informed, and responsive to diverse family needs. In addition to my professional interests, I am personally passionate about building stronger, healthier communities where children can thrive. I believe in the power of grassroots involvement and collective problem-solving, and I see this board as an opportunity to bring together voices from across sectors to create effective, sustainable solutions. I am eager to contribute my skills in collaboration, critical thinking, and advocacy to help the CPMT fulfill its mandate and strengthen supports for families in our area. Serving on this board would be both a professional honor and a personal calling, as it reflects my long-term commitment to combining direct service with systemic change.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I work in an architecture firm that prioritize and encourages involvement in the community. I enjoyed hearing about community involvement from my co-workers who serve on various board positions in Albemarle and Charlottesville and the way they impact the community. I lived in Albemarle for 12 years. I went to high school, college, and University in this town and it feels like home. I feel very motivated at the possibility of participating in where I live in such a way that improves our surrounding areas and the lives of our neighbors.

Crozet Community Advisory Committee

Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

1. Serve as liaisons.
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

Overview

Interests:

My wife and I purchased land in North Garden several years ago, and completed the construction of our home in 2024. After many years of living in urban settings, we were pleased to move to the country -- specifically, Bundoran Farm, in southern Albemarle County. I enjoy being outdoors, gardening, spending time with our 8 month old daughter, and have always had a strong interest in public service. Other interests include sailing on the Chesapeake Bay, traveling, and learning.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

For as long as I can remember, public service has been just been in my blood. In 2012, I ran for Harrisonburg City Council (Independent — a moderate, not a particularly partisan person) and served a four year term at age 24. Those 4 years were incredibly formative for me; good things in our communities don't just happen by accident — it requires people serving with a mindset of making the lives of others better. Public service. I have a varied background, and interests. In addition to being a business owner (for over 10 years my business partner and I have grown a Shenandoah Valley based registered investment advisor), I continue to be involved in service to my community. Currently, I am chair of Bridgewater Retirement Community, with my term ending late this year. The past 5 years on this board has opened my eyes to the importance of healthcare workers, and the shortage we faced during the pandemic, which will continue to be struggle in the future. Building our home also made it clear how important various trades are, which we take for granted each day. These professions, and so many others are crucial to society. Traditional 4 year college is not right for all. And I feel community college should (and will) increasingly be encouraged as a cost effective and wise approach to educating much of the workforce of the future. I am looking for the opportunity to be connected with the community where we have decided to plant our roots. And education I feel is so important, at all levels. It would be an honor to serve and promote our community college system here in Albemarle and regionally too.

**Paul H. Cale Elementary (now Mountain View Elementary),
Charlottesville, VA, *Second-grade dual language Spanish teacher***

August 2014 - June 2019

I piloted the school's dual-language program as the lead second-grade dual-language Spanish teacher. In this role, I managed two diverse classrooms daily, developed a Spanish-language curriculum for all core subjects, and developed assessment needs for the Spanish side of instruction. I also coordinated the procurement of instructional materials for all grades and collaborated with fellow teachers to develop and facilitate professional development on bilingual studies and language acquisition.

Liberty University Online, Lynchburg, VA, *Online Adjunct Instructor*

April 2012 - 2016

As an online adjunct instructor, I taught over 20 courses for the College of General Studies, specializing in both language and online learning. My courses included Conversational Spanish, which provided foundational skills to new language learners, and Informational Technology for Successful Online Learning, a course I taught to help new online students acclimate to virtual learning environments and key topics like time management, adult learning theory, and APA writing.

International School of Charlottesville, Charlottesville, VA, *Auxiliary Coordinator*

November 2013 - July 2014

As a key member of the administration team for the International School of Charlottesville (ISC), I provided comprehensive support to academic leaders by managing all volunteer, field trip, and facility logistics. I directed the afternoon extended-day program and the summer camp, overseeing a team of eight staff members for each. My duties also included coordinating extracurricular activities and managing all required administrative documentation.

PROJECTS

Virginia Department of Education (VDOE) Dual Language Immersion Guidance Document, Writer

I served as a key contributor on the Virginia Department of Education (VDOE) team that wrote the **Dual-Language Guidance Document**. My major contributions were focused on the curriculum, instruction, and assessment sections, and I actively participated in the creation of the entire draft.

Virginia Department of Education (VDOE) Dual Language Licensure Workgroup, Advisor

I served on a workgroup that provided recommendations to the Assistant Superintendent of Teacher Education and Licensure on the requirements for a K-6 dual-language teacher endorsement.

CONFERENCES AND TRAINING

Conference Presenter

I have presented at over 30 conferences nationwide, including key events such as La Cosecha, FLAVA, and the Content Teaching Academy at James Madison University. I have also been a guest lecturer for college courses at University of Virginia and University of Lynchburg.

Training

I have completed specialized training at the **Spanish Literacy Institute** and the **Leading Dual Language Programs for Student Success** at the Center for Applied Linguistics in Washington, D.C. I further honed my expertise in bilingual education by completing a Master's Level course on **Literacy Development in Spanish** at the University of Texas-El Paso.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

Piedmont VA Community College is a wonderful asset to our region and a key player in regional economic development activities. I've primarily been a volunteer with multiple STEM-related organizations in the 20 years I've lived in Charlottesville and Albemarle. I've seen many organizations celebrate and advocate for STEM-related entrepreneurs and students, but they seem to be disparate. I believe that much of the activities like these that encompass workforce development should have a more holistic strategy that is led by an organization like PVCC. An opportunity to serve on the board would be a way to bring together my passion for STEM workforce development with an entity that is a leading regional player in education. I'd love to be a part of a team that helps PVCC further hone/develop and execute a strategy that brings leading companies to the area and fills the jobs they bring with the promising students coming from our local schools.

Albemarle County

Places 29 Hydraulic Community Advisory Committee

Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

Responsibilities:

1. Serve as liaisons
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

Overview

- ▢ **Size** 16 Seats
- ▢ **Term Length** 2 Years
- ▢ **Term Limit** 3 Terms

Additional

Length of Term

Members will be appointed for either a 2 or 3 year term to stagger the transition of new members on and off the committee. After initial appointments, terms will be for 2 years. While Members will be generally expected to serve no more than 2 terms, additional terms may be considered if desired and if the Board of Supervisors deems appropriate.

Frequency/Times for Meetings:

The 2nd Monday of each month at 5:30 pm in the Media Center at Greer Elementary School, unless otherwise noted.

Membership:

The Board of Supervisors shall appoint eleven members to the Committee.

Qualifications

Each member shall be a resident or business owner in Albemarle County. For all representatives, the member's home or business shall be located within their appointed sub-Committee's geographic area. An individual may not serve on more than one sub-Committee. Places 29 Hydraulic shall have members along the following representations: Large Neighborhood (2) Small Neighborhood (2) Development Community (1) Business Community (2) School Community – staff, school board, PTO member (1) Office/R&D/Flex/Light Industrial or Heavy Industrial (1) Urban Mixed Use (1) Other – RSWA, RWSA, CHO Board, non-profit or community group with a focus on open space, water resources, transit, etc. (1)
