

To Whom it May Concern

I am asking for a special exception in regard to the setback distance (125 ft) required between where the property/structure that I am applying to be certified for short stay rental is and the boundary line of a property not owned by the same legal entity.

The reason for this is that I do own the adjoining property. Its owned by a company called Merrie Mill Farm LLC which I own 100%.

The legal entity name maybe different but the owners of the two parcels of land are the same.

Thanks

Elizabeth Pelly.
