Good afternoon,

Attached you will find the current situation at the residents. The sink hole at the end of the ramp and the septic that is in the yard.

As I said on the phone it is getting harder to get my 90 year old grandma out of the house even for medical appointments because of this hole and I have personally tripped in it many times myself. I am currently in a walking boot due to an achellis injury.

Please continue to keep me updated with the day the meeting will be along with the rest of the team that has been working so closely with me and my family.

Thank you!

Kathy
