Discussion

General Fund Revenues

Year-to-date (YTD) total revenues in Q3 of FY 26 were \$265,704,672 compared to \$239,751,369 in Q3 of FY 25. In percentage terms, FY 26 YTD actual revenues as a percentage of FY 26 Revised Budget revenues were 56.0%, compared to 55.4% in FY 25.

Significant year-to-year variances are highlighted below:

- Other Local Taxes – In FY26, actual Q3 revenues as a percentage of budget equaled 73.6% vs. 67.3% in FY 25. Actual Q3 revenues equaled \$11,714,892 vs. \$9,766,436 in FY 25. The primary reasons for this variance: due to the collections of Public Service Corporation, Recordation and Sellers Taxes, which are stronger in FY 26. This is also due to stronger than anticipated collections in delinquencies, penalties, and interest based upon improvements in collection rates for these processes.
- State Revenue - In FY 26, actual Q3 revenues as a percentage of budget equaled 57.9 vs. 54.8% in FY 25. Actual Q3 revenues equaled \$17,101,740 vs \$16,529,939 in FY 25. The primary reason for this variance is timing of the collection of reimbursement revenue from the State for Social Services programs and the timing of State Compensation Board reimbursements for constitutional officer salaries.

- Federal Revenue - In FY 26, actual Q3 revenues as a percentage of budget equaled 67.8% vs. 60.7% in FY 25. Actual Q3 revenues equaled \$6,326,565 vs. \$5,627,364 in FY 25. The primary reason for this variance is the timing of the collection of reimbursement revenue from the State for Social Services programs.
- Transfers Revenue - In FY 26, actual Q3 revenues as a percentage of budget equaled 74.0% vs. 52.0% in FY 25. Actual Q3 revenues equaled \$6,025,891 vs. \$3,746,470 in FY 25. The primary reason for this variance is the timing of recording the transfers from the Water Resources Fund, the Tourism Fund, Capital Improvement Fund, and the transfer from the Schools for the reimbursement of their portion of the costs for school resource officers.

General Fund Expenditures

YTD total expenditures in Q3 of FY 26 were \$330,960,663 compared to \$299,470,607 in Q3 of FY 25. In percentage terms, FY 26 YTD actual expenditures as a percentage of FY 26 Revised Budget expenditures were 68.4%, compared to 67.0% in FY 25.

Significant year-to-year variances are highlighted below:

- Administration – In FY26, actual Q3 expenditures as a percentage of budget equaled 65.6% vs 60.5% in FY 25. Actual Q3 expenditures equaled \$22,068,375 vs. \$20,003,102 in FY 25. The primary reasons for this variance are: increased costs for technology equipment, maintenance, and support; and increased contractual maintenance support costs for various staff support services.
- Judicial – In FY26, actual Q3 expenditures as a percentage of budget equaled 68.9% vs 64.9% in FY 25. Actual Q3 expenditures equaled \$6,300,677 vs. \$5,792,716 in FY 25. The primary reason for this variance is related to the timing of the County's payment to the Public Defender's Office per the revised agreement; and various operational and equipment costs in the offices of the Clerk of Circuit Court, County Sheriff, and Commonwealth Attorney, many of which are related to some one time costs associated with the move to the new General District Courts building.
- Public Safety – In FY26, actual Q3 expenditures as a percentage of budget equaled 69.4% vs 67.3% in FY 25. Actual Q3 expenditures equaled \$55,361,672 vs. \$47,571,143 in FY 25. The primary reason for this variance is: the timing and overall amount of the payments for the County's contribution to regional public safety agencies; the timing of the transfer of expenses to the FEMA SAFER grant fund that are approved for reimbursement and payment through that fund; and the amount budgeted and expended for public safety vehicle replacement costs.
- Health and Welfare - In FY 26, actual Q3 expenditures as a percentage of budget equaled 69.2% vs. 65.5% in FY 25. Actual Q3 expenditures equaled \$23,906,584 vs. \$20,337,398 in FY 25. The primary reasons for this variance are: the timing of payments for the County's contributions to outside agency partners, the timing of the transfer to the Children's Services Act fund, and the timing and increased amount of the transfer to the Affordable Housing Investments Fund, based upon the new tax rate dedication for that fund in FY 26.
- Parks, Recreation, and Culture – In FY26, actual Q3 expenditures as a percentage of budget equaled 72.1% vs 67.4% in FY 25. Actual Q3 expenditures equaled \$9,417,406 vs. \$8,109,101 in FY 25. The primary reason for this variance is the timing of payments for the County's contributions to outside agency partners.
- Community Development - In FY 26, actual Q3 expenditures as a percentage of budget equaled 66.3% vs. 62.5% in FY 25. Actual Q3 expenditures equaled \$12,772,741 vs. \$11,300,967 in FY 25. The primary reason for this variance is the timing of payments for the County's contribution to transportation agencies (CAT and Jaunt).

- Transfers to Capital and Debt – In FY26, actual Q3 expenditures as a percentage of budget equaled 23.7% vs 27.2% in FY 25. Actual Q3 expenditures equaled \$10,273,436 vs. \$11,114,140 in FY 25. The primary reason for this variance is timing of some debt service transfers which were done in the second quarter of FY25 and are scheduled to occur later in the year in FY26.
- Other Transfers – In FY26, actual Q3 expenditures as a percentage of budget equaled 75.2% vs 52.5% in FY 25. Actual Q3 expenditures equaled \$2,005,130 vs. \$1,334,981 in FY 25. The primary reason for this variance is timing of transfers to the Water Resources Fund which occurred later in the year in FY25 and were completed in the third quarter of FY26.
- Other Non-Departmental - In FY26, actual Q3 expenditures as a percentage of budget equaled 49.7% vs. 36.4% in FY 25. Actual Q3 expenditures equaled \$2,442,180 vs. \$1,531,290 in FY 25. The primary reason for this variance is due to the timing of the recording of the payment for the County's Workers Compensation insurance and the payment of a one-time Non-Departmental contractual expense that spanned the prior fiscal year and the current fiscal year, that under financial reporting guidelines, were reported in FY 26.
