**Albemarle County Investment Report**  
**Third Quarter Ended: March 31, 2022 (3rd Quarter, FY 22)**

**Discussion**

Albemarle County invests excess cash on behalf of its funds and those of its fiscal agencies. The 3rd Quarter of FY 22 (not YTD) earnings were \$137,000 compared to \$89,000 in the 3rd Quarter of FY 21. This is due to higher average balances due to large inflows from the June FY 21 bond issuance, the American Rescue Plan Act (ARPA), and the reimbursement of older bond issues. Year-over-year the average quarterly Federal Funds rate is higher by 0.04% with the rate increasing to 0.12%. Due to the favorable negotiated banking rates with the County's banking services provider, the majority of excess cash remains liquid in Bank of America with a smaller amount in a liquid portfolio, the LGIP Local Government Investment Program, which is administered by the Commonwealth of Virginia. With rising interest rates, the County will have the opportunity to shift to investments with higher yields and increase earnings.
