**Reasons for Seeking to Serve on the Board, Commission, or Committee:**

---

Due to the nature of my employment, I have always been interested in local land use developments and procedures happening in and around Albemarle County and the City of Charlottesville. I have become more interested since moving to the County from the City of Charlottesville and witnessing first hand the rate of development happening on the south side of town. Especially traffic and development off of the 5th Street Corridor, which over the last several years has increased tremendously. As a member of the committee I can lend insight and opinions to help spur thoughtful development on the southside of town.

**Reasons for Seeking to Serve on the Board, Commission, or Committee:**

---

Reappointment application As an engaged and long term member of the Albemarle community I recognize the importance of participation in citizen committees. These roles offer needed outreach and feedback to local government departments. In particular, they can lubricate issues, concerns and ideas between residents and agencies. For myself, I not only own a business on Avon Street Extended, but I also am a former homeowner in Mill Creek subdivision. For over 20 years my wife and I lived and raised our three daughters in that neighborhood and sent them to Monticello High School. Today, I look out over Avon Street from my office on Avon Court. So, for these reasons, I care about this corridor and could offer healthy perspective of the area's potential.

Albemarle County

# 5th and Avon Community Advisory Committee

## Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

1. Serve as liaisons by:
  - a) Contributing to public understanding of and encouraging support for Master Plan implementation;
  - b) Keeping the community informed of the needs, purposes, and progress of Master Plan implementation;
  - c) Encouraging interest and participation in community and county efforts related to the Master Plan and participation in public meetings; and
  - d) Enhancing collaboration among all community stakeholders.
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

I want to bring my background in real estate and development, and my personal interest in the natural world, to the committee so that i can help balance growth with retention of the character of this community. i want to make sure we still have farms and farmland, and we have smart growth that is profitable and affordable. I surely believe balance can be found. As for the question below, I don't have a resume as I have always been an entrepreneur. I have owned and operated businesses for nearly 35 years. I have employed thousands of people over the years, and I've invested in businesses all over the country. I grew up in a small rural town and have had farmland nearly all my life. ## Summary

My experience in commercial lending and investment banking, led to a seamless integration into Wellington Financial, where I apply my expertise in loan structuring and capital markets to deliver innovative solutions and exceptional service to the vacation ownership industry. My responsibilities encompass marketing initiatives, loan structuring, document negotiations, relationship management, whisky tastings, event planning, and new business development.

Following the completion of the SunTrust Corporate & Investment Banking analyst program, I joined SunTrust Robinson Humphrey Capital Markets on the Interest Rate Derivatives sales and trading desk. During this tenure, I monitored second-to-second market fluctuations in the bond and equity markets, leveraging my economics background to provide insightful explanations of market dynamics to clients considering interest rate risk hedging. I collaborated with clients across SunTrust's southeastern footprint and brokers nationwide, crafting tailored hedging solutions and executing transactions ranging from \$1MM to \$400MM in notional value.

Subsequently, I transitioned to the role of Commercial Relationship Manager for SunTrust Bank in Virginia, where I developed comprehensive financial solutions for a diverse portfolio of clients and prospects with annual revenues ranging from \$2MM to \$300MM. As the primary bank contact, I coordinated with various bank groups (Treasury Management, Capital Markets, Investment Services, Trust, etc.) to deliver customized solutions. Notably, Wellington Financial was among my significant clients.

Wellington Financial, established in 1981, excels in arranging financing for developers of timeshare resorts, vacation clubs, fractional resorts, and retail land. We collaborate with numerous industry and non-industry lenders and have served as the exclusive Resort Finance lending correspondent for Liberty Bank since 1995.

As the lead arranger for Liberty Bank's Resort Finance division, we also provide mezzanine and equity financing

Highly motivated problem-solver with a strong and diverse background in geospatial analysis, biology, and ecology. Proven track record in creatively tackling complicated geospatial and environmental issues on the computer, in the laboratory, and in the field. Quick to learn, earn trust, and take on leading roles.

## 📁 EMPLOYMENT HISTORY

### GIS Manager at Apex Clean Energy, Charlottesville, VA

January 2021 — Present

- Lead and manage all GIS project analysts and GIS developers
- Lead and manage quality control procedures and improvements to current methodologies, including automated python processes
- Provide technical support and training for spatial software
- Continue GIS Analyst responsibilities (below)

### GIS Analyst at Apex Clean Energy, Charlottesville, VA

February 2020 — January 2021

- Independently manage all spatial data and analyses related to the full scope of wind development (greenfield to constructed project) for multiple projects simultaneously, supporting developers, engineers, environmental surveys, land acquisition, finance, project management, construction, and asset management
- GIS support includes data management, spatial analysis, static map production, online web map and application production and maintenance using mostly ESRI products
- Develop tools using Python to increase efficiency of the GIS team's work

### GIS Specialist and Northeast Region LANDFIRE Coordinator at Wisconsin Department of Natural Resources, Madison, WI

March 2017 — February 2020

- Coordinated and collaborated with a wide range of state, private, federal, non-profit, and local organizations throughout a 20-state region encompassing the Northeast-Midwest U.S. to identify and engage fire practitioners and ecologists for local knowledge
- Gathered local expert feedback and translating it to improvements on a large and complex set of geospatial datasets mapping vegetation and fuels across the country, called LANDFIRE
- Leveraged an in-depth understanding of LANDFIRE's extremely complex mapping process, which begins with mapping vegetation from models using remote sensing, training data, and biophysical spatial datasets to teach managers with no geospatial experience enough to understand and interact with the data
- Presented at several meetings each year to diverse audiences
- Managed my own projects and time to meet the above goals, often with several collaborators, volunteers, and a direct report I hired
- Managed the \$300,000 federal grant and match that supported my position
- Conducted fire ecology research in the field, lab, and electronically through GIS and data analysis programs, including R for spatial statistics
- Led the development of an endangered butterfly's new High Potential Range Map for the WI DNR's Natural Heritage program using species distribution modeling
- Applied for and rewarded a \$150,000 grant to oversee a postdoc to continue wildfire risk assessment research

### Geospatial Scientist and Biologist at Waterborne Environmental, Leesburg, VA

October 2014 — February 2017

- Utilized geospatial and data technologies to support ecological risk assessments of agronomic chemicals and consumer product ingredients nationally and internationally, including impacts to surface water, groundwater, soils, and endangered species

- Collected and managed large, national spatial and tabular datasets for complex analyses using MS Access and SQL
- Served as technical lead for endangered species habitat modeling projects
- Learned and trained others to use ArcGIS Online and Web AppBuilder to deliver interactive products to clients
- Created automated geospatial processing models utilizing ArcGIS Model Builder and Python
- Led the adaptation of matrix population models for pesticide risk assessment using the R programming language
- Promoted for taking initiative to manage projects and exceeding expectations

#### **Research Analyst at Cadmus, Waltham, MA**

September 2010 — July 2012

- Conducted research and prepared high priority documents for the EPA
- Performed extensive GIS analyses and created high quality maps for clients and reports
- Managed other Cadmus staff to facilitate efficient data collection and reports
- Worked on many projects concurrently, creating high priority and high quality deliverables requiring quick turn-around
- Promoted in May 2011; awarded two spot bonuses for high quality work and exceeding expectations

### EDUCATION

#### **Bachelor of Science, Magna Cum Laude: Environmental Studies, Biology, University of Richmond, Richmond, VA**

August 2006 — May 2010

Senior research project on habitat modeling of the plant *Mimulus tilingii*.

#### **Master of Science: Ecology and Evolution, University of Virginia, Charlottesville, VA**

August 2012 — September 2014

Thesis project used habitat modeling and population genetics to investigate past range dynamics of a European plant that is now invasive in the US, *Silene vulgaris*.

## Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

Responsibilities:

1. Serve as liaisons
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

### Interests:

---

I am committed to caring for those in need in our community, whether that be addicts, inmates, ex-offenders, sex offenders, alcoholics, victims of abuse, women wanting to go back to school, or children. Social justice is extremely important to me. I also enjoy hiking, fly fishing and cruising with my family.

### Reasons for Seeking to Serve on the Board, Commission, or Committee:

---

Having been involved with the Department of Social Service of Albemarle County for the last 28 years through helping people in the county access services, I know how important our social services are for the welfare of our community. I was the Director of Missions for the Albemarle Baptist Association, then the Executive Director of the AIDS/HIV Services Group, followed by the Interim Director of Housing Management for the Charlottesville Redevelopment and Housing Authority, and, finally, for the last 22 years, the pastor of New Beginnings Christian Community. Our church welcomed everyone, especially addicts and alcoholics, ex-offenders, gays, lesbians, transsexuals and their families and supporters. We often called upon the Albemarle Department of Social Services to secure housing vouchers, SNAP cards, financial assistance and guidance for our members. The ADSS has always been helpful, so I would like to assist them now that I am retired and have the time available.
