Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

1. Serve as liaisons by:
 - a) Contributing to public understanding of and encouraging support for Master Plan implementation;
 - b) Keeping the community informed of the needs, purposes, and progress of Master Plan implementation;

4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.

Realtor Board Committees, Club Boards, Served long and hard on the 29 By Pass committee that was instrumental in defeating the Western By Pass.

Interests:

As a native of the area I have seen many many changes to this side of town and am interested in precluding those that are trying to gain commanding presence in the area that could be considered harmful to the ambience and nature of Charlottesville and Albemarle. Maintaining some open rural space for peoples enjoyment. Or at least in being the ""devils advocate".

Reasons for Seeking to Serve on the Board, Commission, or Committee:

Have been serving and like to be an advocate for the area west of the Hydraulic area. Maintaining a voice and information center for those citizens that live near or outside the "Urban Ring" in the Hydraulic area as they are impacted by the considerations from this committee on a daily basis is crucial. I try to keep people informed and take their concerns to the committee. I enjoy hearing other peoples ideas about what should be done and why and try to understand from their point of view if I cannot agree with them. I am a bit intolerant of those that want to develop and develop but try to understand why it is beneficial.
