Blue Ridge Committee for Shenandoah Park Relations

Board Details

The purpose of the Blue Ridge Committee for Shenandoah Park Relations (Committee) is to provide a two-way conduit for information. Park management decisions today impact surrounding counties much as the original land acquisitions did in the 1930s. These include wildlife management practices, law enforcement, cross promotion of tourism, and potential expansion. Likewise, decisions on the County level can have significant impact on the Park, especially land use issues.

By establishing this Committee, the Counties can consider issues related to the Park in a comprehensive and informed manner and, when consensus is reached, communicate with one voice to Park management. Park management can have an ongoing and regular dialogue with its neighbors. Legislators can avail themselves of this opportunity to keep current on the issues which impact a large number of constituents and vast land area.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I seek appointment to represent Albemarle County on the JAUNT Board because dependable transit is essential in our large, geographically diverse county. A full complement of Albemarle County representatives on the JAUNT Board is important because it ensures the county's residents, communities, and service needs are fully represented in decisions about routes, priorities, and resources. Strong representation helps JAUNT remain responsive to the people who rely on transit to reach jobs, education, and healthcare, and it supports independence for seniors and people with disabilities while reducing congestion and emissions. During my service on the Albemarle County School Board, I saw the need for more reliable transit within Albemarle. Once on the Board of Supervisors, improving transit services became one of my areas of focus. I was a founding member of the Regional Transit Partnership and represented transit issues on the Regional Affordable Housing Partnership and the Charlottesville Albemarle Regional Transit Authority. As President of the Virginia Transit Association Board of Directors, I gained a broader understanding of transit policy and operations statewide. These experiences have prepared me to contribute thoughtfully to JAUNT's demand-response, commuter service (CONNECT), and ADA paratransit services while supporting the regional collaboration needed to improve mobility and quality of life in Albemarle and Central Virginia.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I'm interested in serving on the board because the mission of supporting individuals with mental health and substance use disorders is very close to what I see on a regular basis as an emergency medicine physician. I often care for patients in moments of crisis, and it's clear how much access to strong, coordinated community resources can shape their outcomes. I would value the opportunity to bring a front-line clinical perspective to the board while working collaboratively to strengthen programs, improve access, and better connect patients to the resources they need. Serving in this role would be a meaningful way for me to give back to my community.
