¹—The fees imposed by this column are the total fees to be paid by the owner to cover the County's costs to review a stormwater management and other required plans, VSMP registration statement review, if such a statement is required under sections 17-401(C) and 17-405(A)(1), VSMP permit issuance, general permit coverage verification, inspections, reporting and compliance associated with a land disturbing activity. Any land disturbing activity subject to the fees in this section is not subject to the separate fees under section 17-207. For any site that has been purchased for development within a previously permitted common plan of development or sale, the applicant shall be subject to the applicable fees required by this column. The reduced fee if the construction or land clearing involves construction of a sole single family detached dwelling applies regardless of whether the activity and the dwelling are within or outside a common plan of development or sale.

²—The fees imposed by this column are intended to cover the County's costs to review a request to modify or transfer registration statements from the general permit and major modifications to the general permit that result in changes to stormwater management plans that require additional review by the County. The applicable fee shall be based on the total disturbed acreage of the site. In addition to the general permit modification fee, any modification resulting in an increase in total disturbed acreage shall pay the difference in the fee imposed by column 1 that was initially paid and the permit fee imposed by column 1 that would have applied for the modified total disturbed acreage. No fee shall be required for a minor modification.

³—The fees imposed by this column are an annual permit maintenance fee, and include fees imposed on expired permits that have been administratively continued. The fee, which shall be prorated in the first year, shall be paid at the time provided in section 17-209(B). With respect to the general permit, these fees shall apply until the general permit coverage is terminated.

 3. ~~VSMP; transfer or modification.~~ Each owner required to pay the transfer or modification fee required by column 3 of the table in section 17-208 shall pay the fee upon submittal of the application to transfer or modify.
 4. ~~VSMP; annual maintenance fee.~~ Each owner required to pay the general permit coverage maintenance fee required by column 4 of the table in section 17-208 must pay the fee annually to the County until a notice of termination is effective. The maintenance fee will be billed in arrears and is due by April 1 of each year. On the first April 1 after the land disturbing activity has begun, this fee will be prorated on a monthly basis, and the full fee will be due by April 1 of each year thereafter. The final fee will be prorated on a monthly basis based on the date of permit termination.

Sec. 17-210 Fees; incomplete and late payments.

Incomplete and late payments of fees required by sections 17-207 and 17-208 shall be subject to the following:

- A. ~~Incomplete payments.~~ The failure of an owner to pay the fee due as required by this chapter for the application or service shall be deemed to be a nonpayment of the fee and: (i) the application shall not be processed; and (ii) no service shall be

provided by the County. The administrator shall provide written notice to the owner of any incomplete payment within ten days after the determination that the payment is incomplete.

- B. ~~Late payments.~~ Any late payment shall be subject to interest at the underpayment rate provided in Virginia Code § 58.1-15 and shall be calculated on a monthly basis at the applicable periodic rate. A ten percent late payment fee shall be charged to any account more than 90 days past due.

Sec. 17-402 - Erosion and sediment control plans, and agreements in lieu of a plan; form and content.

Any owner whose proposed land disturbing activity is subject to the VSMP, or is subject solely to the VESCP, shall submit an erosion and sediment control plan for review that includes the following, in the form required by the administrator:

- A. *Application form*. A completed application on an application form provided by the administrator, if the land disturbing activity is subject only to the VESCP and a VSMP permit is not required.

- C. *Elements of plan*. Except as provided in subsection (D), an erosion and sediment control plan that contains all of the following elements:
 - 1. *Temporary and permanent controls*. The specifications for temporary and permanent controls of soil erosion and sedimentation in such detail as the

administrator deems to be reasonably adequate, considering the nature and extent of the proposed land disturbing activity, implementing appropriate erosion and sediment control best management practices and satisfying the requirements of 9VAC25-880-70 , Part II(A)(2). All control measures required by the plan shall be designed and installed in accordance with good engineering practices.

2. *Maintenance responsibilities.* A statement describing the maintenance responsibilities of the owner to ensure that the land disturbing activity will satisfy the purposes and requirements of this chapter.
 3. *Technical criteria.* The technical criteria required by section 17-500.

 6. *Certification.* A certification on a form provided by the administrator and signed by the owner stating that all requirements of the approved plan will be complied with.
- D. *Agreement in lieu of a plan.* Notwithstanding subsection (C), if the land disturbing activity is for the purpose of establishing or modifying a single family dwelling unit, the administrator may allow an agreement in lieu of a plan for the land disturbing activity required for constructing the dwelling; provided:
1. *Eligibility.* The single family dwelling unit is on an individual lot of one acre or less which is not subject to an active erosion and sediment control plan or is not part of a common plan of development or sale. Additionally, the following requirements apply:
 - a. An agreement in lieu of a plan must be accompanied by a Critical Resources Plan.
 - b. Land disturbance associated with diverting, restoring or otherwise disturbing the channel of a stream or where there is a probability of sediment being deposited into state waters or on to adjacent properties is not eligible and requires an erosion and sediment control plan.
 2. *Other factors to be considered by administrator.* In determining whether to allow an agreement in lieu of a plan under this section, the administrator shall consider the potential threat to water quality and to adjacent land resulting from the land disturbing activity, and whether the land disturbing activity is within the mountain overlay district identified in the Comprehensive Plan. The administrator, at its sole discretion, may require additional information or may not accept an agreement in lieu of a plan where necessary to protect downstream properties or the environment.
 3. *Contents and form of the agreement in lieu of a plan.* The contents of any agreement in lieu of a plan shall be established by the administrator, and
