EDUCATION

EARTH ACTIVIST TRAINING

2020-2021
Certified Permaculture Designer

UNIVERSITY OF ST. ANDREWS

St. Andrews, Scotland | 2013-2017
BA Honors in Social Anthropology and Community Design

Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

1. Serve as liaisons by:
 - a) Contributing to public understanding of and encouraging support for Master Plan implementation;
 - b) Keeping the community informed of the needs, purposes, and progress of Master Plan implementation;
 - c) Encouraging interest and participation in community and county efforts related to the Master Plan and participation in public meetings; and
 - d) Enhancing collaboration among all community stakeholders.
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

Overview

 **Size** 19 Seats

 **Term Length** 2 Year

 **Term Limit** 3 Terms

Additional

Length of Term

Members will be appointed for either a 2 or 3 year term to stagger the transition of new members on and off the committee. After initial appointments, terms will be for 2 years. While Members will be generally expected to serve no more than 2 terms, additional terms may be considered if desired and if the Board of Supervisors deems appropriate.

Frequency/Times for Meetings:

3rd Thursday of each month at 7:00 pm in Room C at the County Office Building - 5th Street, unless otherwise noted.

Membership:

The Board of Supervisors shall appoint 12-15 members to the Committee. Each member shall be a resident of or business owner in Albemarle County and the member's home or business shall be located within the Committee's geographic area. An individual may not serve on more than one Community Advisory Committee. The representations for the Committee will strive to appoint members from a geographically diverse representation from the following: • Residential neighborhoods • Business community • Institutional community • Developer community • Industrial community • Southwood Village Mobile Home Park • Woolen Mills • Representative for trails and parks • Other stakeholders as deemed appropriate by the Board

RESUME – GEORGE W. RAY, JR.

George Ray was born in 1943 in Hartsville, SC, the son of the late Anna Margaret Nettles and the late George W. Ray, Sr. He is the oldest of 4 children. His siblings are Randy, Ann and Jan.

At age 7, George and the family moved from South Carolina to Danville, VA where George attended local schools, graduating from George Washington High School. George attended the University of Virginia, Stetson University and studied Architecture and Urban Design at the University of Florida in Gainesville, FL. He met Jane Nichols Hackett while at Stetson and the two were married on Drayton Island in the Saint John's River in 1973.

After graduating from Stetson, George served as Assistant City Manager and later as City Manager in DeLand, FL. In 1977 Jane and George moved to Charlottesville, VA where George served as Director of Economic Development for 17 years. In 1994, Jane and George formed a real estate development company which is still active in 2021.

George is a veteran and served in the United States Marine Corps. Jane and George have 2 children, Brooke, of Charlottesville and Chris of Santa Cruz, CA and one granddaughter, Emma Jane in Santa Cruz.

George was very active in the restoration of the vintage Paramount Theater in downtown Charlottesville and is the founder of the Oakleigh Veterans Memorial in Albemarle County, VA. He is a past President of the Brooks Family YMCA. George resides in Albemarle County and serves as a Director of the Albemarle County Economic Development Authority.

Education

Education:

English Language & Literature, University of Virginia

Activities and Interests

Memberships in Civic, Not-for-Profit, and Similar Organizations:

I have served on the boards of the Charlottesville Area Community Foundation, Boys & Girls Club of Central Virginia, Computers 4 Kids, and volunteered to help or financially support countless other charities.

Interests:

I'm an artist at heart, advisor by profession, and the author of my destiny. I'm passionate about learning new things as well as improving the lives of others and the world around me.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

As a business owner in the county and the owner of the real estate that business occupies, I am very interested in the economic development of the county. Beyond that, a strong economy and plan for further development is essential to the well being of all the county's citizenry regardless of station. A strong economy means opportunity, and opportunity translates to empowerment and generally an increased quality of life for everyone concerned.

QUALIFICATIONS PROFILE

Challenges Wanted. Mountain Peaks. Life Waits.

Chaucer once said, "Time and tide wait for no man." This quote is often paraphrased as "Life waits for no one." While both quotes are true in the strictest sense, they fail to define time and life. First, time is often clumsily interpreted as life. Time begins at birth. It's always moving forward regardless of whether we engage it. Second, life requires engagement and begins when we decide to start living it. I prefer Churchill's perspective...

In his words, "To improve is to change... To be perfect is to change often." If a quote could sum up the entirety of one's life, this would capture mine. A constant pursuit to find challenges that improve & expand the talents I've been blessed with; an artist at heart, advisor by profession and the author of my destiny. I seek constant, and in some cases incremental, change. I'm tireless in my focus on improvement and approach each challenge according to my core values: PATIENCE, PERSISTENCE and DISCIPLINE. Challenges are necessary because overcoming them breeds confidence and ultimately success, no matter how small. With each challenge conquered, I find myself improved for taking the challenge. Perfection is not within the grasp of man, but seeking it allows for constant improvement and fulfillment. The pursuit is filled with failure and success, but it makes life worth living. I choose life and everything that's waiting.

I'm a highly effective **Executive** who is capable of making solid, well thought-out decisions in an expedient manner regardless of the complexities in a given situation. I have strong, proven leadership abilities and am capable of leveraging the strengths of others to exceed all business development / revenue generation goals in a variety of high-pressure environments.

- Strong leadership presence and I understand the importance of creating, communicating and implementing a vision toward which others can strive.
- Proven ability to leverage teamwork and partnerships as a way of solving relevant business problems.
- I am tireless in the attainment of key objectives, set extremely challenging, but achievable goals and create a climate of high performance and personal expectations.

PROFESSIONAL EXPERIENCE

REDE WEALTH, LLC – Charlottesville, Virginia

2015 to present

Chief Executive Officer (2015 to present)

As the CEO of Rede Wealth ® ("Rede"), I have a number of responsibilities which include our operations, marketing, strategy, company culture, compliance with federal regulations and ultimately, our success or failure. I have a great group of teammates that make this job infinitely easier and regularly help to position Rede for continued success. We chose the name Rede because it perfectly describes our vision of providing helpful advice, continuous consult to our clients and ready access to a wealth of knowledge that will aid them on their financial journey. Clients are our sole focus and their success leads to our success.

Stephen J. McNaughton

steve@redewealth.com

This vision is continually refined and directly translates to the importance of the best client experience. As part of that experience, it's incumbent upon us to empower clients to take control of their financial world. Rede is an independent wealth management firm dedicated to client education and providing clear, objective advice throughout the financial journey of our clients. We are trusted advisors that help position them for success, but their engagement is the most important part of that success.

STIFEL, NICOLAUS & COMPANY, INC. – Charlottesville, Virginia

2009 to 2015

Producing Branch Manager, Private Client Group (2009 to 2015)

As a Producing Branch Manager, I mentor new financial advisors and recruit established financial advisors from other firms while tending to my own book of business that is currently about \$171 million. My daily responsibilities include supervising the activity of all registered employees in regards to revenue generation, assets under management, client contact, compliance, trading and career development. At core, my main charge is to manage the sales and service process for the branch with a focus on growing profits in a manner that's compliant with the rules set forth by the various regulatory bodies. I also act as an interface with the local community by developing and cultivating long-term business/consumer relationships that will ensure our overall success and maintain the firm's high standing locally and nationally.

Key Accomplishments:

- 2011 Recruited 3 Financial Advisors (\$1.75 million in production)

First Vice President-Investments, Private Client Group (2009 to 2015)

At Stifel, I manage our flagship office in downtown Charlottesville; our other location is just north of town. I helped establish, recruit the production to sustain that location and supervised its' build, but am primarily charged with the success of the downtown location. The downtown office has 5 Financial Advisors with an average productivity of \$500,000, 1 Investment Advisor & 3 Client Service Associates. My daily responsibilities include supervising the activity of all registered employees in regards to revenue generation, assets under management, client contact, compliance, trading and career development; with the help of my team, I also continue to manage my individual book of clients.

Key Accomplishments:

- 2010-2014 Club Level FA (President's Council)

UBS FINANCIAL SERVICES, INC. – Charlottesville, Virginia

2001 to 2009

Producing Branch Manager / Director, Wealth Management US (2006 to 2009)

As a Producing Branch Manager, I mentor new financial advisors and recruit established financial advisors from other firms while tending to my own book of business that is currently about \$161 million. My daily responsibilities include supervising the activity of all registered employees in regards to revenue generation, assets under management, client contact, compliance, trading and career development. At core, my main charge is to manage the sales and service process for the branch with a focus on growing profits in a manner that's compliant with the rules set forth by the various regulatory bodies. I also act as an interface with the local community by developing

Stephen J. McNaughton

steve@redewealth.com

and cultivating long-term business/consumer relationships that will ensure our overall success and maintain the firm's high standing locally and nationally.

Key Accomplishments:

- At the age of 26, I was hired as the youngest UBS Branch Office Manager (BOM) in the country and continued to be, as of May 2009 when we were acquired by Stifel.
- Successfully led the turnaround of a branch that had been unprofitable for the 4 years prior to my arrival. At year-end, net margins equaled 5.3%; an increase of 12.7% vs. the previous year.
- In my first year, FA productivity increased 58%, revenue grew 3.3% vs. our peer group which averaged - 11.8% and total fee-based assets increased 16%. At year-end fee-based revenue equaled 20% of our total revenue while our peer group's average only equaled 5% of their total revenue.
- In year two, revenue increased 26.5% vs. -13.7% for our peer group. Fee-based revenue equaled 35% of total revenue and we ended the year as the #1 branch in the Mid-Atlantic region for net loan growth.

Wealth Advisor / Vice President - Investments, Wealth Management US (2001 to 2009)

At UBS Financial Services, I focus on understanding my clients' needs with the purpose of helping them make appropriate financial decisions. I am one of the lead advisors for the **Almy McNaughton Investment Group**, a *Signature Team* on the UBS platform. We manage about 191 million in assets via a total wealth management approach and provide customized investment strategies that are designed to help our clients accumulate, preserve and transfer wealth. The foundation of many of these strategies is an asset allocation that will help them maximize their return given the amount of risk they're willing to assume. In 2004, I was named the branch training delegate and asked to begin handling many of the duties associated with an assistant branch manager e.g. approve new accounts, handle active account reviews, review all trades and employee emails. I was also listed as the branch security representative.

Key Accomplishments:

- Nominated for Barron's 2009 State by State Listing of Top Financial Advisors (Virginia).
- 2009 Club Level FA (Pacesetter)
- Rated #1 Financial Advisor in 2007 and 2008 by production based on LOS according to McLagan in our market.
- Ranked in the top 15% of all advisors at UBS according to the Firm Growth Rank for 2006, 2007 and 2008.

LEVIATHAN CAPITAL, LLC – Lewes, Delaware

1999 to present

Managing Director / Board Member (1999 to present)

Leviathan Capital, LLC began as McBet Inc. in the early nineties. It was a real estate investment company that purchased and maintained rental properties in the state of New York. The company subsequently expanded and became incorporated in the state of Virginia at the end of 2000. More recently (2005), the company has converted

Stephen J. McNaughton

steve@redewealth.com

from a subchapter S corporation headquartered in the state of New York to a limited liability company established in the state of Delaware. It currently maintains several properties in New York, South Carolina and Virginia. As a director and board member, I consult on administrative, financial and long-term strategic goals.

Key Accomplishment:

- Led and executed the company's expansion to Virginia as well as its' subsequent conversion to an LLC.

BOARD OF DIRECTORS

Board Details

An ordinance creating the Industrial Development Authority was adopted on May 12, 1976. See State Code, Sections 15.2-4900 through 15.2-4908 for enabling legislation. The authority created by the Albemarle Board of County Supervisors acquires, owns, leases and disposes of properties and makes loans and issues bonds to promote industry and development by inducing manufacturing, industrial, governmental, nonprofit and commercial enterprises and institutions of higher education to locate in or remain in the County and to further the use of its agricultural products and natural resources.

Overview

 **Size** 8 Seats

 **Term Length** 4 Year

 **Term Limit** N/A

Additional

Length of Term

Four years.

Frequency/Times for Meetings:

Third Tuesday of each month

Membership:

Members are not paid for their service. No director shall be an employee of the County.

Qualifications

It is helpful, but not essential, if members have some working knowledge of municipal finance or the financial markets in general. Some basic understanding of taxation is also helpful.

Albemarle County Equalization Board

Board Details

The Board of Equalization shall hear all complaints and objections to real estate assessments from the taxpayer or his agent. The Board shall hear and give consideration to such complaints and equalize such assessments and, moreover, the Board is charged with the especial duty of increasing as well as decreasing assessments. The Board's main charge is the equalizing of real estate assessments.

Overview

 **Size** 6 Seats

 **Term Length** 1 Year

 **Term Limit** 9 Term

Additional

Length of Term

One year beginning January 1st and ending December 31st, and may be reappointed. Per State Code, members may serve nine consecutive terms. (Eligible for reappointment after three years off the Board.)

Frequency/Times for Meetings:

As needed.

Membership:

§ 58.1-3371 of the Code of Virginia was amended in 1995 to permit any county operating under the county executive form of government to "be composed of not less than three nor more than the number of districts for the election of members of the board of supervisors in the County".

Qualifications

Members of the board shall have the qualifications prescribed by § 58.1-3374, shall conduct their business as required by § 58.1-3378, and shall be freeholders (must own property in the County). A candidate with a background in the real estate market (sales, assessing, etc.) would find that knowledge helpful in filling this position. In order to be eligible for appointment, each prospective member of such board shall attend and participate in the basic course of instruction given by the Department of Taxation under § 58.1-206. Members are paid \$45.00 per meeting (Albemarle Code Albemarle Code § 2-1105).

James River Alcohol Safety Action Program

Board Details

The James River Alcohol Safety Action Program (ASAP) Policy Board is responsible for operation of the Program within the participating localities; for hiring and supervising an Executive Director who shall be responsible for implementing operational policies; for approving a fiscal year operational budget prepared by the Executive Director; for an annual report prepared by the Executive Director to include program activities and financial status; for reviewing an annual audit to be conducted at the end of each fiscal year; and for operation of the program in conformity with policies and procedures established by the Commission.

Overview

 **Size** 1 Seats

 **Term Length** 3 Year

 **Term Limit** N/A

Additional

Length of Term

Each member serves a term of three years. Members may be reappointed. They are not paid for their service.

Frequency/Times for Meetings:

Quarterly meetings usually in January, April, July and October. Other special meetings may be called as necessary. Most meetings are dinner meetings.

Membership:

There are 15 members: six chosen by the Board of Supervisors of the various areas they represent (Albemarle, Fluvanna, Greene, Louisa, Nelson and the city of Charlottesville) and nine at-large members chosen by the first six members.

Qualifications

Interest in and knowledge of transportation safety issues, particularly those issues involving use of alcohol or other drugs; interest in and knowledge of law enforcement issues, particularly those involving driving under the influence; interest in and knowledge of substance use and abuse issues; interest in and knowledge of laws involving DUI and other similar offenses; interest in and knowledge of Alcohol Safety Action Program issues; interest in and knowledge of administration and financial issues, particularly as they apply to operation of a non-profit agency.

**Attachment to Donald D. Long Application
to Charlottesville-Albemarle Joint Airport Commission**

Public, civic and charitable offices and/or activities:

Charlottesville-Albemarle Airport Authority (2015-Present; Chair)
Charlottesville-Albemarle Joint Airport Commission (2012-2014; 2015-Present; Airport Authority Audit Committee Member, 2012-Present; Commission Vice-Chair, 2014)
Soccer Organization Charlottesville Area (Board Member; 2014-Present; President, 2015-Present)
Economic Development Authority of Albemarle County (Board Member; 2014-Present; Chair, 2020-Present)
United Way - Thomas Jefferson Area (2009-Present; Advisory Board Member; Executive Committee Member, 2016-2019; Self-Sufficiency Task Force Member, 2009-2010; Policy Review Task Force Member, 2010-2011; Self Sufficiency Impact Team Chair 2015-2016)
Westminster Child Care Center (President, 2005-2011; Secretary, 2004-2005; Board Member, 2003-2012)
Christmas in April Charlottesville (1998-2009; Board Member)
Leadership Charlottesville Alumni Association (1999-2005; Board Member)

Reasons for wanting to serve on this board/commission:

I have enjoyed serving on the Commission as the Joint Member and as Chair of the Authority Board. I request reappoint as the Joint Member of the Commission and the Authority. I have developed an excellent relationship with Melinda Crawford, the Executive Director and with the staff of the Airport. As Chair of the Authority, I have begun having regular monthly meeting with Ms. Crawford to discuss airport matters. I have also started having meetings with the heads of the various departments at the Airport so that there are open lines of communication at the Airport.

The Airport is a tremendous asset for our community. Its performance has been outstanding. Its growth and success is largely due to Ms. Crawford's leadership and the excellent team she has working with her. In order to continue that success, there is a great benefit to having an Authority Member that understands how the airport operates and has developed experience in overseeing its operations. I have that experience and I have spent additional time and effort expanding my knowledge to be a more effective Board Member. I look forward to the opportunity to continue to serve on the Authority and the Commission.

Boards and Commissions Application

The following information may be released to the general public pursuant to a Freedom of Information Act request.

Name of Board/Commission applying for:	Charlottesville-Albemarle Airport Authority
First Name	Sally
Last Name	Barber
City Resident? (Please Select One)	Yes
How long have you lived in the City of Charlottesville?	21 years
Schools attended, degrees, graduation dates:	BA from Wofford College, Spartanburg, SC 19748(MR); UVA Law School 1981
Memberships in fraternal, business, and/or social groups:	Greencroft Club
Public, civic and charitable offices and/or activities:	Greenbrier Neighborhood Association
Interests aside from profession:	Retired in March 2021 from UVA; travel, reading, Pilates, walking and hiking, food (cooking and eating)
Reasons for wanting to serve on this board/commission:	I have traveled frequently from CHO. I am interested in keeping our airport viable and competitive. As I retired in March, I have the time to devote to a board.

Boards and Commissions Application

The following information may be released to the general public pursuant to a Freedom of Information Act request.

Name of Board/Commission applying for:	Charlottesville-Albemarle Airport Commission
First Name	Helen
Last Name	Cauthen
City Resident? (Please Select One)	Yes
How long have you lived in the City of Charlottesville?	9 years
Schools attended, degrees, graduation dates:	University of Missouri, B.S., Business Administration - 1982
Memberships in fraternal, business, and/or social groups:	International Economic Development Council, Virginia Economic Developers Association
Public, civic and charitable offices and/or activities:	Literacy Volunteers of Charlottesville/Albemarle - tutor; Westminster Presbyterian Church - Trustee;
Interests aside from profession:	Reading, outdoor activities
Reasons for wanting to serve on this board/commission:	Thank you for considering my application to serve on the Charlottesville-Albemarle Airport Commission as the Joint Representative. As president of the Central Virginia Partnership for Economic Development, encompassing Charlottesville, Albemarle County and seven other counties, I am keenly aware of the importance of the airport to our city and area. Beyond generating over \$310 million in annual economic

activity, it contributes significantly to the air travel needs of our residents. In my position, I work closely with the airport's leadership to promote it to business and community leaders as one of our region's most important assets. Recognizing that direct flights and overall air service from CHO depend on passenger traffic, my organization and I constantly urge everyone in our region to "Fly CHO." Though my work with Melinda Crawford, I am aware of the pandemic's negative impact on flight activity at CHO, reducing service at one time to as few as 5 daily departures and 40 passengers. Thankfully, daily departures and passenger traffic is increasing, and I would welcome the opportunity to help strengthen CHO as we come out of the pandemic and continue building it as a community resource for the future. Again, thank you for considering my application.

HELEN M. CAUTHEN, CEcD

SUMMARY

Over twenty-five years of experience as nonprofit leader with expertise in economic development and relationship-building. A dedicated, organized professional with outstanding communications skills and commitment to continuous learning.

ECONOMIC DEVELOPMENT EXPERIENCE

CENTRAL VIRGINIA PARTNERSHIP FOR ECONOMIC DEVELOPMENT

President, Charlottesville, Virginia, February 2012 to present

- Lead regional economic development public-private partnership for eight counties and City of Charlottesville funded by nine localities, University of Virginia, two community colleges and the region's business community.
- Oversee two organizations under Partnership umbrella: Virginia Career Works – Piedmont Region (local workforce investment board), and GO Virginia Region 9 (a state funded initiative to encourage regional collaboration), with total annual budget of over \$2 million.
- Implement program of work focused on new business recruitment, retention and expansion of existing companies, prospect management, and research and information resulting in over 3,600 new jobs and \$595 million in new capital investment.
- Strong working relationships with local and state officials, developers, commercial real estate professionals, airport leadership, and site location consultants.
- Skilled negotiator with ability to build consensus; excellent public speaker.

TEAM VOLUSIA ECONOMIC DEVELOPMENT CORPORATION

President & CEO, Daytona Beach, Florida, January 2011 to January 2012

- First CEO of nonprofit public-private partnership with \$870,000 annual budget funded by ten cities, the county, private sector companies and higher education institutions.
- Led start-up of new organization including fundraising, budget, program of work, facilities, staffing, marketing materials, and launch of website.

GREENSBORO ECONOMIC DEVELOPMENT ALLIANCE

Vice President, Greensboro, North Carolina, January 2003 to December 2010

- Served as vice president for GEDA, a nonprofit organization with a \$1.2 million annual budget funded by City of Greensboro, Guilford County, and the local business community.
- Successful program of work over eight years led to 7,700 new jobs and \$1.6 billion in new capital investment.
- Proven track record and strong results exemplified by attraction of Honda Aircraft Company's world headquarters (\$100 million, 400 jobs), RFMD (\$80 million, 300 jobs), and Mack Trucks' global headquarters (\$17 million, 493 jobs).
- Led creation of industry cluster initiative and business retention and expansion program.

OTHER WORK EXPERIENCE

LOUISVILLE AREA CHAMBER OF COMMERCE

Manager, Louisville, Kentucky, 1989 – 1997

- Program manager for start-up of the Kentuckiana Education and Workforce Institute, recognized as a national model for community workforce development. Initiative involved 14 industry subcommittees and over 300 volunteers from business, education, government and community organizations.
- First director of the Louisville Chapter of CQM, a Boston-based nonprofit consortium now a division of GOAL/QPC, to facilitate sharing of cutting-edge management practices among CEOs and senior executives. Chapter was housed at the Chamber.
- Directed start-up and activities of the total quality community initiative, involving 100 CEOs, senior executives, and other volunteers.

DEVELOPMENT DIRECTOR

Ridgewood, New Jersey

- The Valley Hospital Foundation
- Quality New Jersey

GOVERNMENT RELATIONS

Washington, D.C.

- National Electrical Manufacturers Association
- Dickstein, Shapiro & Morin
- Congressman Bill Emerson

EDUCATION AND CERTIFICATIONS

Board Details

The Commission is an advisory group which provides input from the Community to the Airport Executive Director and the Airport Authority on airport matters, and in turn provides information to the Community on airport matters.

Overview

 **Size** 4 Seats

 **Term Length** 3 Year

 **Term Limit** 2

Additional

Length of Term

All members will serve terms which expire on December 1 of the third year following their appointment. No member will be reappointed who has served as a member for six consecutive years immediately preceding such reappointment.

Frequency/Times for Meetings:

Monthly meetings generally at 4:00 p.m. on the second Monday of each month.

Membership:

There are seven members: three City appointees, three County appointees and one member is appointed by joint action of the City and County, each for a three-year term. The member appointed by joint action shall also serve as a member of the governing body of the Airport Authority. Appointees to fill any vacancy on the Commission resulting from the resignation, etc. of a member shall be for the unexpired portion of the vacant term only. Members are not paid for their service. (See County Code Sections 2-800 through 2-805.). Visit this link to view full membership information: <http://www.gocho.com/organization-info/board-commission/>

Qualifications

* Shall be a citizen of the County who holds no other municipal or county office; * Shall serve without compensation; * Shall be interested in commercial or general aviation, or both, with a desire to promote airport services within the community.

SCHOOL OF ENGINEERING AND APPLIED SCIENCE

Associate Dean for Management and Finance

2011- 2017

Chief Financial and Operations Officer with leadership for strategic financial planning, business and budget operations, research grants and contract administration, physical facilities, human resource management, and information technology for a school of 180 academic and research faculty, 80 professional research staff, and 120 support staff who serve 2,750 undergraduate and 900 graduate students across nine academic departments. Total physical plant of 600,000 square feet that includes office, instructional, and laboratory space. Total budget exceeds \$146 million.

- Led transition to responsibility centered management (RCM) for the engineering school. Restructured financial planning, budgeting, and analysis to create transparency into revenue sources, expenditures, and opportunities for growth.
- Eliminated an annual operational deficit of over \$1 million, reduced a \$9 million accumulated deficit to just under \$3 million, built an operational reserve of over \$8.5 million, while investing heavily in new equipment, lab renovations, new faculty, and student services.
- Analyzed and advocated for opportunities that increased academic program revenue by \$5.1 million or 20% over a four-year period, which led to new investment in student programs and resources for faculty growth.
- Led development of budget submittals and presentations to the University's Chief Operating Officer and Provost.
- Developed models to align a strategic financial plan with long-term strategic growth plans.
- Hired and developed professionals for management of human resources and physical plant operations.
- Identified and implemented programs that enhanced benefits to the faculty from research grant funding.
- Managed the salary increase process for faculty, professional research staff, and support staff.

- Co-Leader for implementing the school's strategic plan.
- Redesigned and managed the annual diploma ceremony program for the engineering school.
- Led data management and analysis for the US News and World Report and the American Society of Engineering Educators (ASEE) annual surveys.
- Represented the Engineering School on various University-wide committees for the development and implementation of strategies for fiscal, human resource, and facilities management. Served on the University-wide policy committee. Served on a number of search committees for executive positions.
- Held seminars and consulted with students on interviewing and career and financial planning.
- Served as Treasurer and financial consultant to the Engineering Foundation. Transformed financial operations, fund management, analysis, and reporting to improve fiscal operations and overall stewardship of donor funds.

CAPITAL ONE FINANCIAL CORPORATION

Richmond, Virginia

Vice President, Credit Card IT

2009-2010

Led technology programs to improve overall performance of credit card collections and call center servicing. Held responsibility for stewardship over marketing and operational data.

- Built technical team in a short time frame to analyze outbound dialer performance, which led to correcting several significant issues affecting contact rates with delinquent cardholders.
- Led a cross-functional team that completed several key projects to enhance credit card collections.
- Developed new metric-based concepts and reporting approach that focused technical and operations teams on improvements in infrastructure stability and customer service quality.

Vice President, National Lending Business Risk Office

2008

Functioned as business risk officer for national lending. Held responsibility for strategic risk management across all dimensions of risk and tactical execution against risk management policy and compliance programs.

- Developed new monthly business risk reporting for the credit card division.
- Led development of processes to manage information requests and regulatory reviews with the Office of the Comptroller of the Currency (OCC).

Vice President, Customer Management IT

2003-2007

Served as technology officer for major operational units providing credit decision services, delinquent card collections, and customer service. Held responsibility for technology project management, business systems analysis, risk management, and day-to-day business systems support to operations. Managed budget for services exceeding \$100 million annually. Oversaw investment projects with benefits exceeding \$200 million NPV.

- Led project teams as part of a major program to replace core business processing systems, representing largest and most complex integrated system and business process change ever undertaken. Completed projects on time and under budget.
- Structured program and led efforts to reduce operations costs by \$50 million through decommissioning applications and consolidating core infrastructure.
- Drove program strategy and management for major infrastructure innovation, enabling efficient outsourcing of operations, with benefits in excess of \$30 million.
- Improved audit results, decreased overall infrastructure risk, and led Sarbanes-Oxley compliance for a major IT division supporting U.S. credit card operations.

Director of Credit Policy Administration

2002-2003

Led development of first comprehensive credit policy and credit policy governance framework for the company, which was a high-priority effort in response to regulatory concerns about corporate credit governance.

- Completed credit policy and governance framework as planned. Achieved favorable review from federal regulators and gained relief from regulatory action.

Director of Operations

2001-2002

Served as chief operating officer for major business line serving young adult demographic population. Acted on management team for business line and provided input to overall marketing and business strategy.

- Exceeded goals for business line earnings by 70%, representing 300% increase in earnings.
- Identified revenue and expense-focused operational initiatives, contributing \$12.5 million in after-tax net income to business line and representing 35% of earnings increase for 2002.
- Developed strategic framework for customized service to young adult business segment. Led start-up and provided ongoing strategic leadership to 70-associate team that serviced the segment. Improved cost, revenue generation, and customer service.

Director of Infrastructure and Finance

1996-2001

Built and led team of over 180 associates responsible for day-to-day systems operations, facility management, and other operational support for five call centers and one professional office in Virginia and Texas. Led strategy development, planning, and project management for all technology and physical plant infrastructure initiatives. Managed teams providing finance and MIS leadership.

- Contributed to business process design and led business systems project team implementing major new strategy for collections on delinquent credit card accounts. Project completed on time and analysis showed \$100 million annual impact on earnings.
- Planned and implemented Voice Response Unit (VRU) strategy to provide customer self-service. Raised VRU call mitigation rates from 5% to more than 30%, with an estimated annual savings more than \$15 million.
- Completed three major facility projects, adding 160,000 square feet of call center capacity in Richmond and Dallas.
- Produced first disaster recovery and emergency response plans. Influenced thinking at corporate level on operational disaster and contingency planning.
- Led strategy and project management to enhance call center productivity, using outbound automated dialers. Improved productivity by a factor of four.
- Drove efforts to improve IT help desk and major systems support through process improvements and service-level agreements. Built processes and teams to enhance systems testing prior to rollout. Reduced overall downtime by more than a factor of two.

EXXONMOBIL CORPORATION

Houston, Texas

Division Supervising Engineer

1991-1996

Led engineering and geological studies as well as business planning for Exxon's oil and gas equity interest in the large and important Prudhoe Bay Field on Alaska's North Slope. Maintained regular executive level interactions with field partners and state government officials.

- Managed \$30 million capital drilling budget and continually improved program results. Cut overall risk in half and achieved return on investment in excess of 90%.
- Improved technical work and field development strategies to drive 16% increase in proved and recoverable oil reserves, representing two billion barrels of oil. Additions represented 5% of Exxon's annual oil reserve replacement.
- Evaluated property acquisitions of up to \$15 million and developed recommendations for executive management.
- Designated Exxon lead on a multi-company team that evaluated the feasibility of Alaska North Slope gas commercialization via a gas pipeline and LNG export project.

Engineering Supervisor, Engineering Specialist, Research Engineer

1980-1991

Conducted research and performed technical consulting for a number of Exxon's largest oil and gas fields around the world. Developed industry-recognized expertise in the areas of subsurface reservoir engineering and integrated reservoir management.

- Managed research and engineering projects, exceeding \$4 million annually. Consistently completed projects on time and within budget.
- Built and led research and engineering team of over 20 professionals performing geologic and enhanced oil recovery studies for Exxon affiliates.

- Developed first three-dimensional computer model to analyze field development strategies and oil recovery for a major oil field in Saudi Arabia.
- Research led to a new analytical method to quantify subterranean rock properties from specialized oil well tests. Method published in a peer-reviewed technical journal.
- Developed innovative approach to better quantify initial oil in place for world's largest oil field in Saudi Arabia. All subsequent engineering studies for that field relied on the results. Published results at a major Middle East technical conference.
- Served as Exxon's lead technical executive to key business forum for development of Cold Lake heavy oil field in Canada. Provided technical guidance on numerical model studies.

Omicron Delta Epsilon

PROFESSIONAL EXPERIENCE

1992 - University of Virginia
2015 Office of University Advancement
Charlottesville, Virginia

July 2010 - Associate Vice President
Nov. 2015 [Retired]

As a member of UVa's senior advancement leadership during two successful multi-billion dollar comprehensive fundraising efforts, I served as the chief administration and operations officer, leading a division encompassing all advancement operations functions (80 staff). Over this period I led the team that designed and built the infrastructure to effectively handle all aspects of an organization that grew philanthropic cash flow from \$75 million to \$275 million a year.

Administrative oversight includes: divisional budget development, management and procurement (presently, \$17.5 million) human resources (total divisional staff: 175), facilities management (35,000 sq. ft. over multiple buildings), office information systems support (**Microsoft** and **Apple** iOS across desktop, servers and mobile environments).

Managerial oversight for advancement operations supporting the university, including: gift processing & reporting (annual philanthropic cash flow: \$225 million); advancement business information systems (database of over 600k entities on **Ellucian Advance** platform); prospect research and donor analytics; institutional donor relations activities; integrated communications -- merger of communications and interactive media (e-communications and online giving through the **iModules** platform), and WTJU the university's non-commercial broadcast radio station.

Sept. 1993 - Assistant Vice President

July 2010 Director

Held these roles over this period, with responsibility for fundraising strategies for the UVa phonathon (Calling Center), Annual Giving, Historic Preservation, and oversight of Constituent Engagement in addition to the functions described above.

Aug. 1992 - Special Projects Officer
Aug. 1993

Development and coordination of fundraising efforts for specialized pan-University initiatives
Cultivation and solicitation of corporate, foundation and individual prospects in support of these initiatives – solicited donations ranging from \$50,000 to \$2 million

Jan. 1989 - EuroSource - Managing Director and Owner
Sept. 1992 Charlottesville, Virginia

Introduced created and managed a national marketing and sales program for a dozen European clocks and weather instruments manufacturers, and served as their salesforce across the United States

Summers Federal Trade Commission - Summer Staff Attorney
1987/1988 Mergers Division of the Bureau of Competition,
Washington, DC

Reviewed, analyzed Hart-Scott-Rodino filings, and recommended actions on mergers and acquisitions before the division.

The District of Columbia Bar - Summer Staff Attorney
Pro Bono Section of the Office of Public Service Activities
Washington, D.C.

Revised a legal issues and law manual for litigators of Death Row Prisoners' rights

Sept. 1982 - Developed econometric forecast systems with supporting custom databases for
Aug. 1986 electric utility clients as well as macro-economic issues with focus on foreign trade

ICF, Incorporated - Project Manager
Public Utility Practice Group
Washington, D.C.

Chase Econometrics - Analyst
Public Utility Practice Group
Bala Cynwyd, Pennsylvania

University of Delaware - Graduate Research Assistant
Department of Economics
Newark, Delaware

June 1981 - Renaissance Broadcasting Corporation - Producer/Director Trainee
Dec. 1980 Vineland, New Jersey

Captain Video/SEE Television - Asst. to the President for Production Activities
Paris, France

University of Virginia Activities – served on:

- Information Technology Advisory Committee
- Virginia 2020 International Activities Planning Commission
- Equal Opportunity/Affirmative Action Committee (Chaired)
- Human Resources Management Advisory Committee
- Facilities Management Advisory Board

- Policy Review Committee (Chaired)
- Foundation of the State Arboretum at Blandy Experimental Farm (appointed to Board of Trustees by the UVa President, member of Executive Committee and Finance & Audit)

Professional Affiliations

Council for the Advancement and Support of Education (CASE)

- Member: Board of Trustees, 2000-2009 (Chair, 2007-2009; Chair-Elect 2005-2007; Secretary 2004-2006)
- Member: Finance and Audit Committee, 2003-2006
- Member: Leadership (Nominating) Committee, 2003-2005
- Member: Committee on the Profession, 2002-2003 (Chaired)
- Member: Commission on Philanthropy, 2000-2003 (Vice-Chair 2002, Chair 2003)

Virginia State Bar (admitted 1989)

Personal

Albemarle County

- Appointed to the Planning Commission as the Jack Jouett Representative (Jan. 2018-Dec. 2021)
 - o Served as Chair: 2020 & 2021
- Served on numerous cross-jurisdiction transportation and land use & planning committees.

The Episcopal Diocese of Virginia

- Chair, Nomination Committee XIII Bishop of Virginia (Feb. 2006-Jan. 2007)
- Chair, Resolutions Committee for the Diocesan Councils of (1998-2001)
- Memorial Trustee of the Virginia Diocesan Center at Roslyn (Current)
- Title IV, Disciplinary Board, held role of President (2008-2017; 2020 - Present)

Virginia Theological Seminary (All Current)

- Trustee
- Serve on Institutional Advancement, Finance, Community Life & Student Affairs Committees and Honorary Degrees subcommittee of the Academic Affairs Committee
- Lifelong Episcopalian
Served on various Parish committees

American University of Paris, President's Alumni Advisory Council

Chief Technical Officer

Astraea, Inc.
astraea.earth

Summary of Qualifications

Daniel Bailey has more than 20 years of experience leading teams and working with large amounts of data to extract relevant and meaningful insights. At Astraea, Daniel is responsible for the corporate strategy and leads the business and product development activities for the organization. At Elder Research, Daniel led the commercial group and assisted clients across a wide range of industries in building and assessing their analytical models to provide data-driven solutions. During his time in the Army, Daniel gained extensive experience leading and managing international teams in adverse conditions.

Relevant Experience

Astraea Inc.

Chief Technical Officer and Co-Founder

August 2016 to Current

- Founded a geospatial information software company with a corporate mission to increase accessibility and use of Earth-observation data to promote global sustainability.
- Designed, developed and brought three geospatial software products to market: <https://astraea.earth/platform/>.
- Grew organization to 16 employees and revenue positive in 24 months.
- Founded the Applied Machine Learning Conference as an annual programming within TomTom Founder Festival

Elder Research Inc.

Director of Commercial Analytics

May 2013 to August 2016

- Grew the business unit from \$1M to \$3.5M in annual revenue and the client portfolio accounts 500%.
- Developed an analytical model for a global energy company resulting in 70% avoidance of losses due to target event.
- Developed an ensemble model used to identify above average and sub-par providers, potential fraud, and geographic trends in dental care using claims data.
- Developed and conducted an Enterprise Analytics Assessment for a multiple, large corporations.

Caterpillar, Inc.

Practicum Team Lead

September 2012 to April 2013

- Lead a five-person team through the entire analytics project life cycle from planning through closing.
- Develop the scope of work, identify deliverables, and establish breakdown of work schedules.
- Utilize advanced data manipulation techniques to structure and clean over 20 Gigabytes of data with more than 30 million observations.
- Employ both supervised and unsupervised learning, such as survival analysis, decision trees, and cluster analysis, to provide explanatory and predictive models for a challenging supply chain management business problem.

D. Bailey Reflective Innovations, Inc.

President and CEO

November 2006 to November 2009

- Consulting company providing project and logistics management solutions for construction businesses in the coastal Carolinas. Applied project management principles to streamline operations and increase revenues.
- Increased productivity of clients' business by an average of 18%.
- Increased company revenue by 30% over a three-year period.

Upload a Resume

Karen E. Firehock, AICP
Green Infrastructure Center Inc.
320 Valley Street
Scottsville, Virginia 24590
(434) 249-2492
firehock@gicinc.org

PROFESSIONAL

Executive Director, Green Infrastructure Center Inc. (2007 to present):

Ms. Firehock founded the Green Infrastructure Center (GIC) in 2007 to provide communities, government agencies and conservation groups with the tools they need to recognize, evaluate and conserve their natural assets. She conducts research, develops landscape models, land use planning and mapping to help protect and restore natural assets – rivers, wetlands, bays, agricultural soils, forests, and other natural infrastructure.

She works at the regional, county, city and watershed scale. She has directed 60 green infrastructure plans for cities, towns, counties and regions. She also developed a green infrastructure model and map of the United States and Puerto Rico with Esri. She also helps communities develop resiliency plans to adapt to a changing climate and has extensive experience in coastal communities. For example, she developed plans for coastal forest resiliency in VA, NC and GA and has helped cities map such as Jersey City, NJ Norfolk VA, Charleston SC and Jacksonville, FL, map and plan to expand their natural infrastructure.

She is a prolific writer and researcher. In 2019, her book Green Infrastructure: Map and Plan the Natural World with GIS was published by ESRI press which shows how to model and conserve intact habitats across large regions. Her national planning book Strategic Green Infrastructure Planning: A multi-scale approach is based on a decade of experience creating green infrastructure plans at multiple scales from wildlands to downtowns. She has also written state green infrastructure guides for New York, Virginia, Arkansas, North Carolina and South Carolina and other guides on watershed planning and master plans (see publications list). In spring 2019, she was featured in Women In GIS, which chronicles how women are changing the world through maps they create. Her work has been featured in *National Geographic* from which she also received a national conservation award.

She has designed urban habitat and watershed revitalization projects for cities and landscape protection strategies for rural areas. She has assisted communities with revitalization plans to overcome decades of environmental justice issues from the coal fields of West Virginia to the inner city of Richmond Virginia where she has created community plans for walkability, environmental restoration and community parks. She also helps build community resiliency. For example, she developed a Green Infrastructure Plan for a Resilient Norfolk, VA to help them adapt to climate change and re-green the city and she has been working with Florida communities to help them become storm ready.

She has also designed and implemented stream habitat restoration projects and she has assisted cities with tree canopy assessments and urban green print strategies. For example, she designed a healing arboretum at McGuire Veterans Hospital which was then designated by the U.S. Congress as the Phyllis E. Galanti Memorial Arboretum and her firm employed disabled veterans to plant and manage it. She has also designed a community parks and safe routes to school projects.

Her skills include green infrastructure planning and design, teaching, research, writing, land use planning, environmental assessments, water quality monitoring, facilitation and mediation, project management and photography. Examples of awards include *Award for Contribution to Stewardship if the Lewis Creek Watershed*, City of Staunton, VA and the *Eldon Fields Wood Design Professional of the Year*

Award, for the City of Charlottesville and the Paul Revell Award presented by the Southern Group of State Foresters for best urban forest conservationist in the southern U.S.

Lecturer, University Of Virginia (UVA), School Of Architecture (1998 to present):

Ms. Firehock is on the adjunct faculty in the departments of urban and environmental planning and landscape architecture. She teaches graduate level courses in green infrastructure assessment and planning, watershed management, environmental ordinance development and finance. Through that position, she also led community-based research on water quality and supply and health outcomes for rural villages in the Limpopo Province of South African for 8 summers and winters where she worked in country, in partnership with the South Africa University of Venda.

She currently teaches two graduate courses at UVA, one in fall and one in the spring:

Green Infrastructure: Cities landscape scale natural green infrastructure planning

Green Infrastructure: Sites site scale green infrastructure redesign to manage stormwater

Senior Associate, UNIV. OF VA, Institute for Environmental Negotiation (1999 to 2007):

She was a Senior Associate at the university's Institute for Environmental Negotiation, where she led national and regional, multi-stakeholder planning processes for forests, watersheds, fisheries, brownfield redevelopment and nuclear waste transport. She facilitated strategic plans for environmental groups and state and federal government agencies. For example, she assisted state and federal agencies in developing strategies for fisheries management, such as the Bi-State Blue Crab Commission for the Chesapeake Bay Program and led community engagement for watershed planning in eight Fairfax County watersheds. She wrote a collaborative planning handbook for communities and a national book Community-based collaboration: Bridging socio-ecological research and practice.

She has served as a lead facilitator and mediator for multiple federal projects. She led the three-year community outreach process and technical science committees for soils and water for the USDA Forest Service's Roundtable on Sustainable Forests resulting in the national report on Sustainable Forests. She also served as a lead negotiator for the settlement agreement on transport of and reporting for nuclear waste for the U.S. Department of Energy. She also was the lead facilitator for a middle-eastern environmental summit of conservation leaders, funded by the U.S. Department of State held in the Hashemite Kingdom of Jordan. She has also provided strategic planning services to the senior leadership of the U.S. Forest Service and served on numerous advisory committees for the U.S. Environmental Protection Agency, U.S. Geological Survey and the U.S. Forest Service.

Save Our Streams Director, Izaak Walton League Of America (IWLA) (1985-97):

Ms. Firehock directed the national stream and wetland conservation program for which she led workshops and stream assessments in 45 states. She wrote educational materials such as handbooks, curricula and magazine articles, slide shows and produced videos. She created the first approved volunteer monitoring protocols for the U.S. Environmental Protection Agency and designed stream restoration projects such as in Montgomery County MD and Albemarle County VA. She served on numerous federal government agency advisory boards, such as the National Association on Water Data for Public Use for the US Geological Society. She has received many local, state and national awards for her work such as the *National Greenways Award*, a *Renew America Award*, a *United Nations Environment Programme Award* and *Virginia River Conservationist of the Year*.

Albemarle County Planning Commission

Board Details

The Albemarle County Planning Commission is a public body established by the Board of Supervisors pursuant to Virginia Code § 15.2-2210 et seq. The Commission's primary role is to serve as an advisory body to the Board to promote the orderly development of the County and its environs and to accomplish the planning, zoning, and land subdivision and development objectives set forth in State law and the Albemarle County Code. The related roles of the Commission are to recommend amendments to the County's comprehensive plan, zoning ordinance, and subdivision ordinance, and to make an annual report to the Board concerning its operation and the status of planning within the County. The Commission also has specific duties related to individual zoning map amendment and land development applications.

Overview

 **Size** 7 Seats

 **Term Length** Varies

 **Term Limit** N/A

Additional

Length of Term

The terms of the Commissioners from each of the County's magisterial districts are coterminous with the four-year terms of the Supervisors of the magisterial district they represent. The term of the at-large Commissioner is two years. The term of the non-voting Commissioner is one year. Commissioners are not subject to term limits.

Frequency/Times for Meetings:

The Planning Commission meets on Tuesdays at 6:00 p.m., approximately three times per month. Meetings are held in the County Office Building, 401 McIntire Road, Charlottesville. Additional meetings, including joint meetings with the Board, may also be scheduled and be held on different days, at different times, and in different locations.

Membership:

The Commission is composed of eight members appointed by the Board. Seven Commissioners are voting members. The eighth Commissioner is a non-voting member appointed by the Board with the advice of the president of the University of Virginia. Of the seven voting Commissioners, six are nominated from each of the County's six magisterial districts and the other is appointed at-large. Commissioners are not required to be residents of the magisterial district they are appointed to represent. Commissioners serve at the pleasure of the Board. Compensation: The seven voting Commissioners are compensated \$4,100 per year, which is paid in monthly installments. The Commission chair is paid an additional \$1,500 per year, which is also paid in monthly installments.

Qualifications

As provided by State law, Commissioners must be qualified by knowledge and experience to make decisions on questions of community growth and development, and at least one-half of the Commissioners must be land owners in the County. Commissioners should have knowledge or an understanding of the planning and land development issues facing Albemarle County and the region, and have some familiarity with the County's comprehensive plan and its land development ordinances. In addition, Commissioners should have well-developed listening skills, be fair and open-minded, and be able to effectively communicate and analyze concepts and facts. As a condition of assuming office, all Commissioners must file a real estate disclosure form as provided by the State and Local Government Conflict of Interests Act (Virginia Code § 2.2-3100 et seq.). This form must thereafter be filed annually on or before February 1. Expectations: Commissioners are expected to be well-prepared for each Commission meeting and to attend all Commission meetings, recognizing that occasional absences may occur because of emergencies, illnesses, and previously scheduled vacations. By Board policy, any Commissioner who does not attend at least 75 percent of the Commission meetings may be subject to having his or her appointment terminated.

I have served on the board for one term and would love to continue for a second term. In the past few years we have seen the Dept of Social Services grow and change in many different ways, including recently appointing a new Director. The advocacy and accountability that the advisory board provides is extremely important to me.

How did you hear about this vacancy:

Ned Gallaway told me about it.

Upload a Resume

Board Details

This is an advisory board that monitors the formulation and implementation of social welfare programs in the county and advises the director on program and policy matters. Members serve as advocates for the Department of Social Services with the community, the Board of Supervisors, and the State, seeking information regarding department services and the community, and as liaisons between the community and the Board of Supervisors. The board also advises on policies that would help the department focus energy on specific opportunities.

Overview

 **Size** 6 Seats

 **Term Length** 4 Year

 **Term Limit** N/A

Additional

Length of Term

Four years running concurrently with term of Board of Supervisor member making the appointment.

Frequency/Times for Meetings:

Every second Tuesday of the month at 3:30 p.m., COB-5th Street, Room 231.

Membership:

The Board of Social Services is composed of six members, one for each magisterial district. Members are appointed for four- year terms, limited to two consecutive terms. After being off the board for one term, a member is eligible for reappointment.

Qualifications

An interest in all matters pertaining to the social welfare of the citizens of the County and the ability to interact with the community in order to obtain its input.
