

ORDINANCE NO. 24-A()

AN UNCODIFIED ORDINANCE TO ESTABLISH RATES FOR COUNTY-OWNED ELECTRIC VEHICLE CHARGING STATIONS

WHEREAS, Virginia Code Section 2.2-614.5 permits Albemarle County to locate on any property under its control a retail fee-based electric vehicle charging station, and to offer from those stations electric vehicle charging at prevailing market rates,

NOW, THEREFORE, BE IT ORDAINED by the Board of Supervisors of the County of Albemarle, Virginia, that:

1. A Rate for electric vehicle charging at County-controlled electric vehicle charging stations for public use will become effective on July 1, 2024. That Rate will be \$0.147 per kilowatt hour.

2. The Rate will be recalculated every fiscal year, beginning on July 1 of the new fiscal year. The rate will be equal to the electrical rate provided by the public electrical supplier, plus the actual fees that the County pays to a third party to lease and maintain the relevant electric vehicle charging station, plus the actual administrative fee that the County pays to a third party for the relevant electric vehicle charging station.

3. A fee equal to the Rate shall apply to all electric vehicle charging by members of the public at stations operated by the County.

4. The fee will be collected directly from the customer at the point of sale through a payment processing method selected by the County Executive.

5. After a vehicle has discontinued charging, it must be removed from a charging space within 30 minutes. Any vehicle in a charging space that is neither charging nor within that 30 minute period shall be fined \$2 per hour, to a maximum of \$25.

I, Claudette K. Borgersen, do hereby certify that the foregoing writing is a true, correct copy of an Ordinance duly adopted by the Board of Supervisors of Albemarle County, Virginia, by a vote of ___ to ___, as recorded below, at a regular meeting held on _____.
