 EXPANSION PROJECT**

**WHEREAS**, upon consideration of the staff reports prepared for SP202200004 Scottsville Substation Expansion Project and all of their attachments, including staff's supporting analysis, the information presented at the public hearings, any comments received, and all of the factors relevant to the special use permit in Albemarle County Code §§ 18-10.2.2(6) and 18-33.8(A), the Albemarle County Board of Supervisors hereby finds that the proposed special use would:

**SP202200004 Scottsville Substation Expansion Project  
Special Use Permit Condition**

1. Development of the use must be in general accord (as determined by the Director of Community Development and the Zoning Administrator) with the conceptual plan entitled "138 kV Proposed Station Expansion Landscape Plan," prepared by American Electric Power, and last revised 8-10-22. To be in general accord with the plan, development must reflect the location of the substation, related infrastructure, new screening vegetation, and vegetated areas to remain (shaded gray on the plan) as shown on the plan.

Minor modifications to the plan that do not conflict with those essential elements may be made to ensure compliance with the Zoning Ordinance.
