## Construction Activities

### Route 29 Solutions

- All Route 29 Solutions projects remain on or ahead of schedule with the exception of the Hillsdale Extended advertisement date which was moved by the City of Charlottesville from December 2015 to March 31, 2016. ROW acquisition began in early January. The fixed completion date for Hillsdale remains October 30, 2017. All design-build plan submittals and all schedule items have been achieved on or ahead of schedule to date.
- Utility relocations for the **Rio Road GSI** have been completed. Installation of abutment piles was completed on schedule. Installation of retaining wall piles continues and is scheduled to be completed in early spring 2016. Storm drain installation continues and work will progress periodically throughout the project. Roadway widening in underway and will be completed in early spring.
- The **Route 29/250 Ramp** Improvement Project (Best Buy Ramp) construction is proceeding on schedule. Current work includes installation of noise walls, roadway widening, and drainage installations on the ramps. Completion date remains on or before May 21, 2016.
- The **Project Delivery Advisory Panel** held a meeting on February 4<sup>th</sup> and February 18<sup>st</sup>.
- The **adaptive signal** phase I work and the Woodbrook/Berkmar signal replacement are both complete. Additional side-road signal improvements not associated with adaptive phase I but associated with the Route 29 Solutions project have begun; generally including the Hydraulic Road/Rio Road loop traffic signals. Design and contracting is currently underway. Construction of these improvements will begin April 1.
