Subject: B/C Application Supplementary Document

Hello,

Good afternoon. This email is to supplement my application for the open position on the Airport Authority, which I submitted yesterday afternoon. I will elaborate on my three reasons for wanting to join the Authority.

First, I was born in Charlottesville, took two degrees from the University, and currently live in Albemarle County. I love our community and want to see it thrive. I believe the Airport is a critical piece of infrastructure that contributes to the cultural and professional vibrancy of the area. My wife and I intend to raise our family here, and I am committed to ensuring it remains a wonderful place to live and do business.

Second, I am a pilot who trained at the Charlottesville Flight Center and regularly uses the airport for General Aviation. I am in the process of buying an airplane that will be based at CHO. Alongside others on the Authority, I believe I can represent the interests of General Aviation.

Third, I am a member of the local business community and travel regularly for professional reasons. I believe I can represent the interests of regular travelers on the Authority. I have been heartened by the people using CHO rather than IAD or RIC in recent years, and hope to be able to contribute to furthering the airport's success.

Please let me know if I can provide you any other information about myself and my desire to join.

Regards,
Ben

Subject: Application to Serve on the Crozet Community Advisory Council

To whom it may concern:

This letter is to provide some supplemental material to support my application to serve another term on the Crozet Community Advisory Council "CCAC". I wish to serve another term to continue to help guide CCAC's activities and provide input to the challenges arising during implementation of the Crozet Master Plan. This desire stems from a combination of my love for our home - the Crozet area - and a skill set which can be quite useful to the CCAC and County Board.

Over the last 25 years I have worked for a variety of energy companies developing large, complex utility-scale wind, solar, and fossil-fueled electrical generation projects. In my project management and executive roles I managed a myriad of activities including: negotiating leases with local landowners; licensing projects with local, state, and federal permitting agencies; leading community meetings and working with community groups, NGOs, and local governments; overseeing design and implementation of projects; managing technical, engineering, and environmental consultants; performing financial proforma analyses of investments; negotiating complex contracts and financing arrangements; overseeing construction contractors; and presenting projects to investors and boards. Activities similar to these will occur repeatedly as projects are completed as part of implementation of the Crozet Master Plan. My experience with these matters uniquely qualifies me to work effectively with the diverse groups involved in implementation of the Crozet Master Plan, and to provide relevant, useful, and concise input to the County staff and Board of Supervisors.

Although my address is "Greenwood" I actually reside between Greenwood and Crozet on Rte 250 and view Crozet as "my town". My wife and I have lived in the Crozet area for the last 16 years, raised our 4 children here, and look forward to many more productive years in this community.

In addition to my relevant work and personal experience, I am a positive, "can-do" person with excellent communication skills, and who works collaboratively with people to achieve objectives. I hope I can continue to work on this important project for the County. If you have any questions, I may be reached at davidastoner1@gmail.com or 434-227-2105.

Regards,
<signed>

Leadership Charlottesville Alumni Association (1999-2005; Board Member)
City of Charlottesville Democratic Committee (2010-2012)

Reasons for wanting to serve on this board/commission:

I greatly enjoyed my time serving on the Joint Airport Commission. The Airport is a tremendous resource for Charlottesville and Albemarle County. I would like to be appointed to the Authority to continue my service to our community. My experience serving in organizations in both the City of Charlottesville and Albemarle County makes me especially well qualified for this joint appointment.

I made valuable contributions to the Commission and the Airport Authority when I served on the Commission. Shortly after my appointment to the Commission, I was appointed to the Airport Authority Audit committee. The Audit Committee ensures that the Airport continues to operate with proper financial oversight and controls. I have continued to serve on the Audit Committee even after I left the Commission. My experience as an attorney has allowed me to give balanced advice and guidance to the Audit Committee and the Commission. At the request of the Airport staff, I served on the selection committees evaluating responses to requests for proposals for taxi service and the restaurant concession for the Airport. I have been selected in these roles because the Airport staff values my willingness to help and my thoughtful analysis of the responses.

Since leaving the Commission at the end of 2014, I was appointed to Albemarle County's Economic Development Authority. I have served as counsel for the City of Charlottesville's Economic Development Authority since 2003. In those roles, I see how important the Airport is to the sustained economic vitality of our community. Having served on boards in both localities and having previously served on the Commission, I am extremely well qualified to serve as the joint appointee of Charlottesville and Albemarle County.
