GRANT REPORT ACTIVITY – March 17, 2016 through April 14, 2016

Applications were made for the following grants:

Granting Entity	Grant	Туре	Amount Requested	Match Required	Match Source	Department	Purpose
FEMA	Assistance to Firefighters Grant	Federal	\$401,823	None	None	Fire Rescue	These grant funds would be used to expand the marketing campaign for volunteer recruitment, to support the cost of new volunteers, and to provide training for focused volunteer retention.
Virginia Department of Criminal Justice Services	FY17 Victim Witness Program	Federal and State	\$131,692	None	None	Police	These grant funds would be used to support the Victim Witness Program, and to cover the expenses for two Victim Witness Services providers, for a new part-time Victim Witness Advocate, and for training, dues, and victim services.

Awards were received for the following grants:

None at this time.

Comprehensive Look at Potential Five Year Financial Plan Grant Impacts:

The following chart includes grants that are expected to end within the next five years and an estimate of the County's cost over the next five years if the grant-supported position, project or program is continued after the grant ends. The continuation of those positions, projects and programs will be considered as part of the County's annual budget process.

					Potential Financial Impact							
			Designation of									
		# of	Current	Actual End								
Grant Name	Summary	FTE	Budget Match	Date	FY17	FY18		FY19		FY20		FY21
	This grant provided funds for the											
	purchase of turnout gear in 2006. The											
	equipment life is now expiring and the											
	estimated amount of approximately											
	\$140,000, which is typically budgeted in a											
	given year for this expense, is now											
	estimated to be inadequate to replace											
	the equipment over time. The additional											
	funds listed in this chart reflects the											
	additional costs estimated to replace this											
	equipment each year. Costs in the out											
	years is estimated to decrease due to the											
2006 Assistance to	newly centralized management process		Fire Rescue									
Firefighters	and expected efficiencies.	0	Fund	6/30/2006	\$ 158,068.76	\$236,700.23	\$	191,830.46	\$	147,090.10	TBD	
	This grant provided funds for the											
	purchase of fitness equipment. The		Fire Rescue
