

Projects for the 2017 Smart Scale Funding Applications Round

Project funding applications for the second round of Smart Scale are due on September 30. Staff, in consultation with VDOT and MPO staff have identified projects that should score well when assessed using the Smart Scale process. These projects were derived from the County Transportation Priorities List (Attachment B), Comprehensive Plan/Regional Transportation Plans, VDOT studies or ongoing VDOT or County CIP transportation projects.

In April the Board agreed with the request to fund a partial list of these projects and in August the Board reiterated its support for those projects along with some the additional projects presented at that time. Following is a brief summary of those projects.

TJPD/CAMPO Project Submissions

1. **I-64 Exit 118 and Fontaine Ave**
2. **Exit 124/US 250 Improvements**
3. **Free Bridge/US 250 Improvements**

Albemarle County Project Submissions

4. **US 250/Rt 151 Intersection Improvements** - Project would reconstruct the intersection of US 250 and Route 151 to address safety at this high traffic intersection through installation of a roundabout.
5. **US 250 /Rt 240 Intersection Improvements** - Project would reconstruct the intersection of US 250, Route 240, and Route 680 to address safety at this high traffic intersection through installation of a roundabout.
6. **Profit Rd Rt 20 Intersection Improvements** - Project would reconstruct the intersection of Routes 20 (Stony Point Road) and 649 (Profit Road) to address safety at this high traffic intersection through installation of left turn lanes at all legs of the intersection.
7. **US 250/ Radford Lane Intersection Improvements** - Project would construct a roundabout and pedestrian crossing at the intersection of US 250, Radford Lane, and the entrance to the Blue Ridge Shopping Center to improve traffic management and pedestrian safety
8. **Berkmar Drive Rio Mills Connection** - Project would construct a 1/4 mile, 2-lane roadway connecting the existing Rio Mills Road to Berkmar Drive Extended (under construction) to address the use of a deficient unpaved road by trucks and other local through traffic on Earlysville Road.
9. **Meeting St (Berkmar Drive) Extension to Airport Road** - Project would construct a new roadway extension from the current stub out of Meeting St (Berkmar Dr) to Airport Rd.
10. **Innovation Drive Extension to Lewis & Clark Drive** - Project would construct a new roadway extension from the current stub out of Innovation Drive to the existing Lewis & Clarke Dr.
