

Lewis & Clark Exploratory Center Major Grants and Recurring Grants 2003-2017

Like most non-profits, Lewis and Clark Exploratory Center survives through grants. These are usually specific as to the programs that will be supported and are neither useable for construction, past debts, nor fungible.

Small, individual donations and in-kind donations are not included in this list.

Except for the original HUD and VDOT pass-through of Congressional-approved Enhancement grants, most(57) of the 82 grants in this list are \$10,000 or under.

Those over \$10,000 are underlined. Some represent multiple grants in that year.

2003

National Park Service

Oakwood Foundation

Julian Price Family Foundation

Charlottesville Area Community Foundation (CACF)
