

**COUNTY OF ALBEMARLE  
TRANSMITTAL TO THE BOARD OF SUPERVISORS**

**SUMMARY OF PLANNING COMMISSION ACTION**

<b>AGENDA TITLE:</b> SP201700020 Restore'n Station	<b>AGENDA DATE:</b> July 5, 2018
<b>SUBJECT/PROPOSAL/REQUEST:</b> Amendment of existing special use permit conditions to allow expanded business hours and fuel sales.	<b>STAFF CONTACT(S):</b> Mr. Blair, Mr. Fritz
	<b>PRESENTER (S):</b> Bill Fritz

**BACKGROUND:**

This property was issued a special use permit in 2010 to allow water use in excess of 400 gallons per site acre per day. The current request does not propose to increase the permitted amount of water that may be used. No changes in impervious cover or building size are proposed.

The proposal does include requests to:

- Change the permitted hours of operation for the store from 16 hours a day to 20 hours a day. Operation would not be permitted between 12:30 a.m and 4:30 a.m.
- Change the permitted hours of fuel sales from 16 hours a day to 24 hours a day.
- Increase the number of pump stations from seven (7) to nine (9). This would increase the number of pump stations for gasoline, or equivalent fuel from four (4) to six (6). No increase or change in on-road diesel, off-road diesel or kerosene fueling stations is proposed.

**DISCUSSION:**

The Planning Commission held a public hearing on December 5, 2017 and by a 3:2 vote recommended denial of the application. The Commission noted that the proposed use was inconsistent with the Comprehensive Plan, the original conditions were reasonable, and the applicant had reasonable use of the land.

**RECOMMENDATIONS:**

Staff is recommending approval of the application with conditions. The Planning Commission recommended denial.
