BACKGROUND:

At its meeting on June 26, 2018, the Planning Commission voted 4:1 (Bivins Nay)(Spain, Riley absent) to recommend denial of SP201700026 and all associated Special Exceptions.

DISCUSSION: The Planning Commission's Staff Report, Action letter, and Minutes from the June 26th meeting are attached. Additionally staff received significant citizen communication after the PC meeting and has provided these communications in Attachment D.

RECOMMENDATIONS:

Staff recommendation is unchanged from the staff report. Staff recommends denial of SP201700026 and the SE to Section 5.1.40(b)(2)(b) (size of antenna). *Staff has no objections to the approval of the special exceptions* for Section 5.1.40(b)(2)(c) (antenna projection), and Section 4.2.5 (disturbance of critical slopes).

If the Board approves this special use permit application, staff recommends that the Board adopt the resolution to approve SP201700026, subject to the conditions contained therein (Attachment E).

Attachments F, G, and H are the proposed Resolutions approving the three special exceptions.
