Committee Projects

Artist communities and historic resources	Made recommendations to be included in reports to the PC and BOS, Sep – Nov, 2015
Comprehensive Plan	Made recommendations on documentation before demolition and the Woolen Mills for the update of the county's Comprehensive Plan, 2015
Historic Bridges	Responded to VDOT's request for information regarding its re-evaluation of the statewide historic bridge inventory. Made recommendations for 2 bridges to be considered for listing in the state and national registers; made recommendations for reevaluation of 17 bridges currently identified as contributing resources in historic districts for individual listing in the registers; recommended re-evaluation of 137 bridges not identified as contributing to historic districts for individual listing, December 2016 - 2017. VDOT response received in early 2018: no changes made.

Rio29 Small Area Plan	Made recommendations to be included in reports to the PC and BOS, June – August 2016. In late 2017 made recommendations for place-naming in plan area to acknowledge nearby history.
HP Manual	Completed and made available on line March 2016
Joint meeting with City HRC	Held 10/24/2016
Carr-Greer Farmhouse, Ivy Creek	Made recommendation to County to assess structural condition, expressed concern regarding apparent deferred maintenance and general appearance, Nov 2016
Historic taverns/inns	Assisted in compilation of list of historic taverns and inns, February 2016; Made recommendations to be included in reports to the PC and BOS on expansion of historic buildings, August 2016
Demolition Ordinance	Ongoing discussions regarding options for requiring documentation of buildings prior to demolition as a means of educating about historic resources
Rio Mills Launch	In August 2017 began assembling research culminating in a poster display and digital presentation for Historic Preservation Month (May 2018) on the history of the Rio Mills area, with the goal of using the research for the County's boat launch park.
National Register Historic District Markers	In 2017 had ongoing discussions on the possibility of establishing a program to install markers identifying the County's historic districts. In late 2018, discussed with county staff the possibility of HPC becoming a key player in the establishment of a historic marker program focusing on increasing the diversity of the people/places represented.
Birdwood	In June 2017 and June 2018 received presentations from UVAF on proposed development of the property and provided recommendations on the proposal.
Historic Resources Database	In the Fall of 2018, staff completed the transfer of the committee's work on identifying each property in each of the County's National Register Historic Districts as "contributing" or "non-contributing" to the overall significance of the district to a new GIS layer. Following testing, the layer will be made available to the public.
Field trips	Monticello, Findowrie, Cloverfields, Rolling Acres
Historic Resource Photos	The HPC web page is updated regularly with a photo and brief description of an historic resource located in the County.
Threatened Resources	Pleasant Green, Crozet; Evergreen Church, Proffit
