controlled. The situs of gross receipts for different classifications of business shall be attributed to one or more definite places of business or offices as follows:

1. *Contractors.* The gross receipts of a contractor shall be attributed to the definite place of business at which his services are performed, or if his services are not performed at any definite place of business, then the definite place of business from which his services are directed or controlled, unless the contractor is subject to the provisions of Virginia Code § 58.1-3715.
 2. *Retailers or wholesalers.* The gross receipts of a retailer or wholesaler shall be attributed to the definite place of business at which sales solicitation activities occur, or if sales solicitation activities do not occur at any definite place of business, then the definite place of business from which sales solicitation activities are directed or controlled; however, a wholesaler or distribution house subject to a license tax measured by purchases shall determine the situs of its purchases by the definite place of business at which or from which deliveries of the purchased goods, wares, and merchandise are made to customers. Any wholesaler who is subject to a license tax in two or more localities and who is subject to multiple taxation because the localities use different measures, may apply to the Department of Taxation for a determination as to the proper measure of purchases and gross receipts subject to license tax in each locality.
 3. *Businesses renting tangible personal property.* The gross receipts of a business renting tangible personal property shall be attributed to the definite place of business from which the tangible personal property is rented or, if the property is not rented from any definite place of business, then to the definite place of business at which the rental of the property is managed.
 4. *Services.* The gross receipts from the performance of services shall be attributed to the definite place of business at which the services are performed or, if not performed at any definite place of business, then to the definite place of business from which the services are directed or controlled.
- B. *Apportionment.* If the licensee has more than one definite place of business and it is impractical or impossible to determine to which definite place of business gross receipts should be attributed under the general rule, the gross receipts of the business shall be apportioned between the definite places of businesses on the basis of payroll. Gross receipts shall not be apportioned to a definite place of business unless some activities under the applicable general rule in subsection (A) occurred at, or were controlled from, the definite place of business. Gross receipts attributable to a definite place of business in another locality shall not be attributed to the County solely because the other locality does not impose a tax on the gross receipts attributable to the definite place of business in the other locality.
- C. *Agreements.* The Director of Finance may enter into agreements with any other locality concerning the manner in which gross receipts are apportioned among definite places of business. However, the sum of the gross receipts apportioned by the agreement shall not exceed the total gross receipts attributable to all of the definite places of business affected by the agreement.
1. *Apportionment agreement when methodology applied by localities could result in taxes on more than 100 percent of taxpayer's gross receipts.* Upon being notified by a taxpayer that its method of attributing gross receipts is fundamentally inconsistent with the method of the County or one or more other localities in which the taxpayer is licensed to engage in business and that the difference has, or is likely to, result in taxes on more than 100 percent of its gross receipts from all locations in the affected localities, the Director shall make a good faith effort to reach an apportionment agreement with the other localities involved.
 2. *Advisory opinion may be requested if apportionment agreement not reached.* If an agreement cannot be reached, either the Director or the taxpayer may seek an advisory opinion from the

Department of Taxation pursuant to Virginia Code § 58.1-3701; notice of the request shall be given to the other party.

3. Judicial relief may be sought if apportionment agreement not reached. Notwithstanding Virginia Code § 58.1-3993, when a taxpayer demonstrates to a court that the County and one or more localities have assessed taxes on gross receipts that may create a double assessment within the meaning of Virginia Code § 58.1-3986, the court shall enter any orders pending resolution of the litigation as may be necessary to ensure that the taxpayer is not required to pay multiple assessments even though it is not then known which assessment is correct and which is erroneous.

State law reference-Va. Code § 58.1-3703.1

Sec. 8-203 Extensions for assessments and collections.

Assessments and collections may be extended as follows:

- A. Extension to assess by agreement. Where, before the expiration of the time prescribed for the assessment of any license tax imposed pursuant to this chapter, both the Director of Finance and the taxpayer have consented in writing to its assessment after time prescribed, the tax may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.
- B. Extension to assess because of fraud or failure to apply. Notwithstanding Virginia Code § 58.1-3903, the Director of Finance shall assess the local license tax omitted because of fraud or failure to apply for a license for the current license year and the six preceding license years.
- C. Extension to collect when assessment period extended or stayed. The period for collecting any local license tax shall not expire: (i) prior to the period specified in Virginia Code § 58.1-3940; (ii) two years after the date of assessment if the period for assessment has been extended pursuant to this section; (iii) two years after the final determination of an appeal for which collection has been stayed pursuant to County Code § 8-204(A); or (iv) two years after the final decision in a court application pursuant to Virginia Code § 58.1-3984 or a similar law for which collection has been stayed, whichever is later.

State law reference-Va. Code § 58.1-3703.1.

Sec. 8-204 Administrative Appeals to the Director of Finance.

Any person assessed with a license tax as a result of an appealable event as defined in this section may file an administrative appeal (an “appeal”) of the assessment with the Director of Finance. The taxpayer may also file an appeal of the classification applicable to the taxpayer’s business, including whether the business properly falls within a business license subclassification established by the County, with the Director of Finance. Any appeal must be filed in good faith. Any appeal is also subject to the following:

- A. When the appeal must be filed. The taxpayer shall file an appeal of an assessment within one year after the last day of the tax year for which the assessment is made, or within one year after the date of the appealable event, whichever is later. The taxpayer may file an appeal of the classification applicable to the taxpayer’s business at any time; provided that the appeal of the classification of the business shall not apply to any license year for which the Tax Commissioner has previously issued a final determination relating to any license fee or license tax imposed upon the taxpayer’s business for the year; and further provided that any appeal of the classification of a business shall in no way affect or change any limitations period prescribed by law for appealing an assessment.

- B. *Contents of the appeal.* The appeal must be in writing and sufficiently identify the taxpayer, the tax periods covered by the challenged assessments or classification, the amount in dispute, the remedy sought, each alleged error in the assessment or classification, the grounds upon which the taxpayer relies, and any other facts relevant to the taxpayer's contention.
- C. *Conference and request for additional information.* The Director may hold a conference with the taxpayer if requested by the taxpayer, or require submission of additional information and documents, an audit or further audit, or other evidence deemed necessary for a proper and equitable determination of the appeal. The assessment placed at issue in the appeal shall be deemed prima facie correct. The Director shall undertake a full review of the taxpayer's claims and issue a written determination to the taxpayer setting forth the facts and arguments in support of his decision.
- D. *Notice of right of appeal and procedures.* Every assessment made by the Director pursuant to an appealable event shall include or be accompanied by a written explanation of the taxpayer's right to file an appeal and the specific procedures to be followed in the County, the name and address to which the appeal should be directed, an explanation of the required content of the appeal, and the deadline for filing the appeal. To facilitate appeals of the classification applicable to a taxpayer's business, the County shall maintain on its website the specific procedures to be followed in the County to appeal the classification and the name and address to which the appeal should be directed.
- E. *Suspension of collection activity during appeal.* Provided a timely and complete appeal is filed, collection activity with respect to the amount in dispute relating to any assessment by the Director shall be suspended until he issues a final determination, unless the Director: (i) determines that collection would be jeopardized by delay as defined in this section; (ii) determines that the taxpayer has not responded to a request for relevant information after a reasonable time; or (iii) determines that the appeal is frivolous as defined in this section. Interest shall accrue in accordance with County Code § 8-201(E), but no further penalty shall be imposed while collection activity is suspended.
- F. *Procedure in event of nondecision.* Any taxpayer whose appeal to the Director has been pending for more than one year without the issuance of a final determination may, upon not less than 30 days' written notice to the Director, elect to treat the appeal as denied and appeal the assessment or classification of the taxpayer's business to the Tax Commissioner in accordance with the provisions of County Code § 8-205. The Tax Commissioner shall not consider an appeal filed pursuant to this section if he finds that the absence of a final determination by the Director of Finance was caused by the willful failure or refusal of the taxpayer to provide information requested and reasonably needed by Director to make his determination.
- G. *Terms defined.* For purposes of this division:
1. *Amount in dispute*, when used with respect to taxes due or assessed, means the amount specifically identified in the appeal or application for judicial review as disputed by the party filing such appeal or application.
 2. *Appealable event* means an increase in the assessment of a license tax payable by a taxpayer, the denial of a refund, or the assessment of a license tax where none previously was assessed, arising out of the Director of Finance's: (i) examination of records, financial statements, books of account, or other information for the purpose of determining the correctness of an assessment; (ii) determination regarding the rate or classification applicable to the licensable business; (iii) assessment of a license tax when no return has been filed by the taxpayer; or (iv) denial of an application for correction of an erroneous assessment attendant to the filing of an amended application for a license. An appealable event includes a taxpayer's appeal of the classification applicable to a business, including whether the business properly falls within a business license subclassification established by the County, regardless of whether the taxpayer's appeal is in conjunction with an assessment, examination, audit, or any other action taken by the County.

3. Frivolous means a finding, based on specific facts, that the party asserting the appeal is unlikely to prevail upon the merits because the appeal is: (i) not well grounded in fact; (ii) not warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; (iii) interposed for an improper purpose, such as to harass, to cause unnecessary delay in the payment of tax or a refund, or to create needless cost from the litigation; or (iv) otherwise frivolous.
4. Jeopardized by delay means a finding, based upon specific facts, that a taxpayer designs to: (i) depart quickly from the County; (ii) remove his property therefrom; (iii) conceal himself or his property therein; or (iv) do any other act tending to prejudice, or to render wholly or partially ineffectual, proceedings to collect the tax for the period in question.

State law reference-Va. Code § 58.1-3703.1.

Sec. 8-205 Administrative appeal to the Tax Commissioner.

Any person assessed a license tax, or who received a determination from the Director of Finance, in an administrative appeal pursuant to County Code § 8-204 that is adverse to the position asserted by the taxpayer in that appeal, may appeal the assessment or determination to the Tax Commissioner.

- A. When the appeal must be filed. The appeal shall be filed with the Tax Commissioner within 90 days after the date of the determination by the Director.
- B. Contents of the appeal. The appeal shall be in a form as the Tax Commissioner may prescribe.
- C. Procedure. The taxpayer shall serve a copy of the appeal upon the Director of Finance. The Tax Commissioner shall permit the Director to participate in the proceedings, and shall issue a determination to the taxpayer within 90 days after receipt of the taxpayer's application, unless the taxpayer and the Director are notified that a longer period will be required. The appeal shall proceed in the same manner as an application pursuant to Virginia Code § 58.1-1821. The Tax Commissioner, pursuant to Virginia Code § 58.1-1822, may issue an order correcting the assessment or correcting the license classification or subclassification of the business and the related license tax or fee liability.
- D. Suspension of collection activity during appeal. On receipt of a notice of intent to file an appeal to the Tax Commissioner under subsection (C), the Director shall suspend collection activity with respect to the amount in dispute relating to any assessment until a final determination is issued by the Tax Commissioner, unless the Director of Finance: (i) determines that collection would be jeopardized by delay as defined in this division; (ii) determines, or is advised by the Tax Commissioner, that the taxpayer has not responded to a request for relevant information after a reasonable time; or (iii) determines that the appeal is frivolous as defined in this division. Interest shall accrue in accordance with the provisions of County Code § 8-201(E), but no further penalty shall be imposed while collection activity is suspended. The requirement that collection activity be suspended shall cease unless an appeal pursuant to this section is filed and served on the necessary parties within 30 days after the notice of the appeal is served on the Director pursuant to subsection (C).
- E. Implementing the determination of the Tax Commissioner. Promptly upon receipt of the final determination by the Tax Commissioner in an appeal under this section, the Director of Finance shall take those steps necessary to calculate the amount of tax owed by or refund due to the taxpayer consistent with the Tax Commissioner's determination and shall provide that information to the taxpayer in accordance with the provisions of this section.
 1. When specific amount of tax is due. If the determination of the Tax Commissioner states a specific amount of tax due, the Director shall certify the amount and issue a bill to the taxpayer

for the amount due, together with interest accrued and penalty, if any is authorized by this division, within 30 days after the date of the determination of the Tax Commissioner.

2. When specific amount of refund is due. If the determination of the Tax Commissioner states a specific amount of refund due, the Director shall certify the amount and issue a payment to the taxpayer for the amount due, together with interest accrued pursuant to this division, within 30 days after the date of the determination of the Tax Commissioner.
3. When specific amount of tax due is not stated, or Director required to undertake a new or revised assessment. If the determination of the Tax Commissioner does not state a specific amount of tax due, or otherwise requires the Director to undertake a new or revised assessment that will result in an obligation to pay a tax that has not previously been paid in full, the Director shall promptly commence the steps necessary to undertake the new or revised assessment, and provide that assessment to the taxpayer within 60 days after the date of the determination of the Tax Commissioner, or within 60 days after receipt from the taxpayer of any additional information requested or reasonably required under the determination of the Tax Commissioner, whichever is later. The Director shall certify the new assessment and issue a bill to the taxpayer for the amount due, together with interest accrued and penalty, if any is authorized by this division, within 30 days after the date of the new assessment.
4. When specific amount of refund due is not stated, or Director required to undertake a new or revised assessment. If the determination of the Tax Commissioner does not state a specific amount of refund due, or otherwise requires the Director to undertake a new or revised assessment that will result in an obligation by the County to make a refund of taxes previously paid, the Director shall promptly commence the steps necessary to undertake a new or revised assessment or to determine the amount of refund due in the case of a correction to the license classification or subclassification of the business, and provide the assessment or determination to the taxpayer within 60 days after the date of the determination of the Tax Commissioner, or within 60 days after receipt from the taxpayer of any additional information requested or reasonably required under the determination of the Tax Commissioner, whichever is later. The Director shall certify the new assessment or refund amount and issue a refund to the taxpayer for the amount of tax due, together with interest accrued, within 30 days after the date of the new assessment or determination of the amount of the refund.

Sec. 8-206 Judicial review of determination of Tax Commissioner.

After the Tax Commissioner issues a final determination pursuant to County Code § 8-205, the taxpayer or the Director of Finance may apply to the appropriate circuit court for judicial review of the determination, or any part thereof, pursuant to Virginia Code § 58.1-3984. In any judicial proceeding to review the determination of the Tax Commissioner, the burden is on the party challenging the determination, or any part thereof, to show that the ruling of the Tax Commissioner is erroneous with respect to the part challenged. Neither the Tax Commissioner nor the Department of Taxation shall be made a party to an application to correct an assessment merely because the Tax Commissioner has ruled on it. In addition:

- A. Suspending payment of disputed amount of tax due upon taxpayer's notice of intent to initiate judicial review. On receipt of a notice of intent to file an application for judicial review pursuant to this section and Virginia Code § 58.1-3984, and upon payment of the amount of the tax relating to any assessment by the Director that is not in dispute together with any penalty and interest then due with respect to the undisputed portion of the tax, the Director shall further suspend collection activity while the court retains jurisdiction unless the court, upon appropriate motion after notice and an opportunity to be heard, determines that: (i) the taxpayer's application for judicial review is frivolous, as defined in this division; (ii) collection would be jeopardized by delay, as defined in this division; or (iii) suspending collection would cause substantial economic hardship to the County. For purposes of

determining whether substantial economic hardship to the County would arise from suspending collection activity, the court shall consider the cumulative effect of then-pending appeals filed within the County by different taxpayers that allege common claims or theories of relief.

1. When court may require taxpayer to pay amount in dispute, or portion thereof, or provide surety. Upon a determination that the appeal is frivolous, that collection may be jeopardized by delay, or that suspending collection would result in substantial economic hardship to the County, the court may require the taxpayer to pay the amount in dispute or a portion thereof, or to provide surety for payment of the amount in dispute in a form acceptable to the court.
2. When suspending collection activity is not required. Suspending collection activity is not required if the application for judicial review fails to identify with particularity the amount in dispute or the application does not relate to any assessment by the Director.
3. When the requirement to suspend collection activity ceases. The requirement that collection activity be suspended shall cease unless an application for judicial review pursuant to Virginia Code § 58.1-3984 is filed and served on the necessary parties within 30 days after service of the notice of intent to file the application.
4. When the requirement to suspend collection activity does not apply. The requirement to suspend collection activity does not apply to any appeal of a license tax that is initiated by the direct filing of an action pursuant to Virginia Code § 58.1-3984 without prior exhaustion of the appeals provided by County Code §§ 8-204 and 8-205.

C. Suspending payment of disputed amount of refund due upon County's notice of intent to initiate judicial review. The Director's obligation to pay any refund determined to be due pursuant to the determination of the Tax Commissioner of an appeal pursuant to County Code § 8-205 is suspended if the County serves upon the taxpayer, within 60 days after the date of the determination of the Tax Commissioner, a notice of intent to file an application for judicial review of the Tax Commissioner's determination pursuant to Virginia Code § 58.1-3984 and pays to the taxpayer the amount of the refund not in dispute, including tax and accrued interest. Payment of the refund shall remain suspended while the court retains jurisdiction unless the court, upon appropriate motion after notice and an opportunity to be heard, determines that the County's application for judicial review is frivolous, as defined in this division.

1. When suspending refund activity is not required. Suspending refunding activity is permitted if the County's application for judicial review fails to identify with particularity the amount in dispute.
2. When the requirement to suspend the obligation to refund ceases. The requirement to suspend the obligation to make a refund ceases unless an application for judicial review pursuant to Virginia Code § 58.1-3984 is filed and served on the necessary parties within 30 days after service of the notice of intent to file the application.

D. Accrual of interest on unpaid amount of tax. Interest shall accrue in accordance with the provisions of County Code § 8-201(E), but no further penalty shall be imposed while collection action is suspended.

State law reference-Va. Code § 58.1-3703.1.

Sec. 8-207 Rulings.

Any taxpayer or authorized representative of a taxpayer may request a written ruling from the Director of Finance regarding the application of the license tax to a specific situation. In addition, the taxpayer or authorized representative may request a written ruling from the Director regarding the classification

applicable to the taxpayer's business, including whether the business properly falls within a business license subclassification established by the County.

- A. Information provided by the taxpayer. Any person requesting a ruling must provide all facts relevant to the situation at issue and may present a rationale for the basis of an interpretation of the law most favorable to the taxpayer.
- B. When ruling may be invalidated. Any misrepresentation, or any change in the applicable law or the factual situation as presented in the ruling request, invalidates the ruling issued.
- C. When ruling may be revoked. The Director may revoke or amend a ruling prospectively if: (i) there is a change in the law, a court decision, or the guidelines issued by the Department of Taxation upon which the ruling was based; or (ii) the Director notifies the taxpayer of a change in the policy or interpretation upon which the ruling was based.
- D. Effect of good faith reliance on invalidated ruling. Any person who acts on a written ruling which later becomes invalid shall be deemed to have acted in good faith during the period in which such ruling was in effect.
