BACKGROUND:

At its meeting on March 19, 2019, the Planning Commission voted to recommend approval of SP201900001 and SP201800019 with staff-recommended conditions, and recommended approval of the two requested special exceptions. The Planning Commission’s staff report, action letter, and minutes are attached (Attachments A, B, and C).

DISCUSSION:

The Planning Commission voted 6-0 to recommend approval of SP201900001 and SP201800019 with the conditions set forth in the staff report. In addition to the two special use permits, there were two special exceptions that the Planning Commission recommended approval for. The first special exception is to waive the commercial buffer requirement per County Code § 18-21.7(c), and the second special exception is to use County Code § 18-4.19 residential setbacks instead of County Code § 18-4.20 commercial setbacks. The Planning Commission did not request any changes. Staff’s analysis of the two special exceptions are attached (Attachments A6 and A7).

There have been no revisions to the application, and there have been no substantive revisions to the special use permit conditions for SP201800019. The conditions were removed from SP201900001, as they are not applicable to that special use permit. A condition has been added to the special exemptions to limit the buffer disturbance to one area.

RECOMMENDATIONS:

Staff recommends that the Board adopt the attached Resolutions to approve SP201900001, SP201800019, and the two special exceptions (Attachments D-F).
