Interests:

Mental Health law and public policy; evidence based health care practices; environmental conservation; sustainable building design and construction; concrete and organic chemistry.

Reason to Serve:

According to the most recent research by the UVA Systems Engineering team, lead by the Thomas Jefferson Area Criminal Justice Planner, Neal Goodloe, every week at least 10 people with serious mental illness are booked into ACRJ. At any given time, between 20-30% of the jail's population has a serious mental illness. ACRJ is our community's largest provider of mental health services. Yet there is not a single mental health professional on the ACRJ Board. I would like to change that. ACRJ is regularly recognized for being on the forefront of developments in criminal corrections. Appointing a mental health professional to the ACRJ Board would be one more way our community can stand out as committed to improving criminal justice practices. As my resume shows, I have worked hard to improve outcomes for people with mental illness in the criminal justice system. This past General Assembly session, Delegate Rob Bell sponsored a bill requiring the development of mental health treatment standards in local jails. It was the only bill that passed both chambers unanimously this session. The Department of Corrections has asked The Department of Behavioral Health and Developmental Services (DBHDS) to develop the standards, and in my capacity as Policy Chair for Mental Health America of Virginia I have the privilege of consulting with the Department on the standards development. I would like to bring my experience in this role to benefit ACRJ and use my connections within DBHDS to highlight the good work ACRJ is already doing for inmates with mental illness. Partner for Mental Health, the organization of which I am Executive Director, is committed to working at the intersection of the criminal justice system and mental illness. In addition to consulting at the state level for the development of uniform mental health care standards at jails, we helped create the local Therapeutic Docket (a jail diversion program for people with mental illness) and serve on the Docket's advisory Board and treatment team, and serve on the Evidence Based Decision Making Team of the Jefferson Area Community Criminal Justice Board. Serving of the Board of ACRJ would be another manifestation of our commitment to this work. I look forward to bringing my experience to serve ACRJ and help improve our already strong local facility.

Reason to Serve:

I would like to continue serving as the Albemarle/Charlottesville joint citizen representative. Over the past three years, I believe the authority has been a good steward of the taxpayers money while ensuring the safety of our community and improving the conditions for our staff and our inmates. Colonel Kumer continues to do an excellent job in leading the jail and I would be honored to continue the positive work he and the board have done.

I currently serve as the joint citizen
representative on the jail authority

As town clerk I participate in, but am not a member on, many different committees including the ARB, Planning Commission, Economic Development Committee, Events & Tourism Committee, and Public Safety Committee.

Interests:

I'm interested in equitable and sustainable food systems, open access to research and information, as well as contributing to building and maintaining my community through my volunteer and professional work. I enjoy outdoor activities, such as bike riding, canoeing, hiking, camping and fishing; and I am an avid lover of animals and, of course, books.

Reason to Serve:

I feel strongly that it is important that one of the board seats delegated to Albemarle County represent the interests and concerns of the users of the Scottsville branch. I have lived at 275 Bird St, catty-corner to the library, since 2012 and can say that not only has my experience in Scottsville been richer for having use of the facility there, but I can see first-hand the impact that having access to library facilities, especially internet access, has for the greater community. The library in Scottsville is serving an essential role as public meeting space, information hub, and a center for numerous other community resources and groups. I would be honored to contribute to setting the direction and furthering the cause of this important organization.

As a Trustee for the past 2 years, I've striven to always bring the perspective of an everyday user to Library governance.

I've also actively sought to educate myself in some of the details within the broader landscape of library issues, joining the American Library Association and attending the Virginia Library Association annual conference, investigating topics from digital content licensing models to library programming policies nationwide.

Interests:

Criminal Justice Reform; Healthcare Reform; Reading/good books; Non-fiction writing; Traveling; K-12 and higher education.

Reason to Serve:

I am currently on the Board of Region 10. Even though the County website indicates that my term runs until June 30, 2020, I understand that it runs out this June 30. For that reason I am applying for re-appointment. I have thoroughly enjoyed my time on the Board. It has been an exciting one: appointment of a new Executive Director, creation of a strategic plan, changes a new ED brings, impact of Medicare expansion. I have learned much about the operation of Region 10 and the role it plays in the community. In turn, I believe the Board has benefitted from my background as a university administrator as well as my legal training. I have helped persuade the board of the need for a strategic plan, occasionally assisted the Board's attorneys in clarifying matters to non-lawyer members of the board, and generally served as a sounding board on matters of personnel and public advocacy. I have deeply enjoyed this role, learned so much, and would like to continue to assist Region 10 grow and help the community understand the incredible richness of this resource.

I am currently on the board and am applying for re-appointment

Professional interests include incident command practice at significant incidents in addition to traditional fire and EMS activities. Personal interests include family oriented activities, specifically outdoors related activities.

Reason to Serve:

I have served as an EMS provider in this region for approximately 10 years and have been involved in several significant EMS related projects with Albemarle County Fire Rescue. This Council represents another step in my professional career while also providing an opportunity to represent the interests of my department and our community.
