Member of Friends of Charlottesville Ice Park Former Board Member Fry's Spring Beach Club

Interests:

Local sports (Ice hockey and lacrosse)

Reason to Serve:

As an engaged and long term member of the Albemarle community I recognize the importance of participation in citizen committees. These roles offer needed outreach and feedback to local government departments. In particular, they can lubricate issues, concerns and ideas between residents and agencies. For myself, I not only own a business on Avon Street Extended, but I also am a former homeowner in Mill Creek subdivision. For over 20 years my wife and I lived and raised our three daughters in that neighborhood and sent them to Monticello High School. Today, I look out over Avon Street from my office on Avon Court. So, for these reasons, I care about this corridor and could offer healthy perspective of the area's potential.

Age friendly communities; community service; community development; running; reading; current affairs especially locally.

Reason to Serve:

As E.D. of The Center which opens in Belvedere in spring, 2020, we will have a major impact on the Rio/29 area, and how the area develops will have a major influence on our success serving all of Albemarle as well as the City and surrounding counties. I bring a perspective on age-friendly issues that I think brings value in discussions for small area planning, particularly the Rio/29 area which has the new Center, is within a mile of JABA, and has lots of aging residents and users of the homes and services in this area. I have been looking for an opportunity to serve Albemarle and this seems like the right fit.
