Subject: RE: County polling site 2020--

Mr. Washburne, I know this is not the right time so no rush but thought you should know our Center is about 99% sure to be gone by November 2020 (planned move to Center at Belvedere in spring 2020) so you likely need to make plans for a polling site to replace us at that time. We'll be here for November 2019.

Thanks

peter
