ROBERT J. FINLEY

PROFESSIONAL SUMMARY

Dr. Robert J. Finley has recently served as a consultant on offshore carbon storage site selection (South Korea) and as a reviewer for basic research in carbon capture and storage as a member of a carbon research advisory group at Kyushu University (Japan). Rob served on the US National Coal Council through multiple appointments by the Secretary of Energy from 2015 through April 2020.

Rob served as Director of the Advanced Energy Technology Initiative at the Illinois State Geological Survey (ISGS), University of Illinois, Champaign, Illinois USA, from 2008 to July 2015. He joined the Illinois Survey in 2000 after serving as Associate Director at the Bureau of Economic Geology, The University of Texas at Austin, where he was a researcher and administrator for 24 years.

Dr. Finley's area of specialization is reservoir sedimentology and carbon sequestration, areas in which he has a combined 35 years of experience. His work has ranged from large-scale energy resource assessment, addressing energy resources at national and state scales, to evaluation of specific fields and reservoirs for coal, lignite, oil, and natural gas.

At the ISGS, Rob led a \$100 million project on carbon sequestration in the Illinois Basin, the Midwest Geological Sequestration Consortium, one of the U.S. Department of Energy's Regional Carbon Sequestration Partnerships. In 2009 and 2010, Rob visited China as part of a World Resources Institute-U.S. Department of State sponsored exchange of U.S. and Chinese experts on geological carbon sequestration. Rob served on two task forces of the Interstate Oil and Gas Compact Commission (IOGCC) (2005-09) that developed model legislation and regulations for carbon sequestration. He also served on task forces assessing the nation's natural gas resources, including coalbed methane, sponsored by the National Petroleum Council, in 1992 and 1999. Rob led Illinois' geological site characterization team for the FutureGen 1.0 coal gasification project that was awarded to Mattoon, Illinois, but later cancelled.

Rob received a Ph.D. in geology from the University of South Carolina and holds a current Professional Geoscientist license in the State of Texas (No. 5003).

COMMUNITY VOLUNTEER

PROFILE

Retired Engineering Professional with an interest in strengthening my community through service. Able to remain calm and work well in high-pressure situations, widely recognized as a quick learner and articulate communicator with excellent organizational and interpersonal skills.

- Technically savvy and a quick study, able to quickly assess and utilize the appropriate response to meet the specific needs of the issue at hand.
- Highly resourceful with the ability to find solutions to any problem. Focused and motivated, able to work both independently and collaboratively in a variety of settings, conditions, and environments.

CORE COMPETENCIES

**Program Management • Technical Proposal Writing • Strategic Planning and Initiatives •
Implementation Strategies • Regulatory Compliance**

RELEVANT EXPERIENCE

Glenwood Station Condominium Homeowners Association 2018 – present
Represent the condominium homeowners interest in working with our professional property manager to ensure cost-effective maintenance and reasonable regulations to ensure homeowners dues are spent wisely and property values are maximized.

Village of Stonecrest Homeowners Association 2013 – 2017
Represented the homeowners in a 529-unit residential community in San Diego, CA, dealing with common area maintenance and improvements, community security, homeowners dues delinquencies, landscape maintenance and improvements, water conservation, and many other issues. Also served as chair of the Community Architectural Review Board.

PREVIOUS RELEVANT EXPERIENCE

Hellam Township (York County, Pennsylvania) Board of Supervisors	1987 – 1991
Hellam Township (York County, Pennsylvania) Planning Commission	1980 – 1988
Emergency Management Coordinator, Hellam Township	1981 – 1987

RESUME: Bill McLaughlin

EXPERIENCE: Upon leaving the federal government in 1998, until retirement in 2007, I was a data processing consultant for database development, computer support and training for a number of organizations including DynCorp, TRW, Securities and Exchange Commission, Fairfax County, Alexandria Adult Education, and the Environmental Protection Agency. Prior to 1998 I worked for the Internal Revenue Service as a programmer, systems analyst, and manager; retiring as a data processing manager in charge of office automation systems (networks, computer equipment, and software) for IRS Headquarters in Washington DC. I served as an Infantry Officer in the US Army from 1966 until 1969.

VOLUNTEER SERVICE:

I was elected to two terms as a Watergate at landmark (WAL) Board member and served as Board Vice President for two years prior to moving to Hollymead. I was also liaison to the Infrastructure and Recreation Committees, and as a board member of the Budget Committee. WAL is a large condominium consisting of four 18 story high rise resident buildings on 37 acres in Alexandria Virginia. In addition to residential buildings housing about 4,000 residents there are indoor and outdoor pools, a community center, an indoor racket club, and gym that the board oversees. It has an annual budget exceeding \$15,000,000, and is staffed by over 70 full time employees.

Prior to being elected to the board I served on the Recreation and Social Committees, and for several years on the budget Committee, and as Chair of the Recreation Committee.

While living in Mineral Virginia from 2007 to 2009 I was elected to my community's HOA Board and chaired the Roads Committee which developed specifications, selected a contractor, and closely oversaw the repaving of all five miles of roads in the community.

EDUCATION/TRAINING: I graduated from LaSalle University with a B.A. in Political Science in 1966. Over the course of my career I received extensive training in computer systems, instructor training and quality management.

PERSONAL: My wife Joy and I owned and, except for 2007 -09 lived at Watergate from 1990 until July 0f 2016 when we moved to Hollymead.

Identify Any Spouse, Natural or Legal Offspring, Parent, Grandparent, or Sibling Who is a County Supervisor or Other County Officer, Employee, or Appointee:

none

Education

Education:

BS Chemical Engineering, University of Connecticut MBA, Darden Graduate School of Business,
University of Virginia

Activities and Interests

Memberships in Civic, Not-for-Profit, and Similar Organizations:

Former Advisory Board Member of Monticello Health and Medical Science Academy Former Board
Member of Friends of Charlottesville Ice Park Former Board Member Fry's Spring Beach Club

Interests:

Local sports (Ice hockey and lacrosse)

Reasons for Seeking to Serve on the Board, Commission, or Committee:

Reappointment application As an engaged and long term member of the Albemarle community I recognize the importance of participation in citizen committees. These roles offer needed outreach and feedback to local government departments. In particular, they can lubricate issues, concerns and ideas between residents and agencies. For myself, I not only own a business on Avon Street Extended, but I also am a former homeowner in Mill Creek subdivision. For over 20 years my wife and I lived and raised our three daughters in that neighborhood and sent them to Monticello High School. Today, I look out over Avon Street from my office on Avon Court. So, for these reasons, I care about this corridor and could offer healthy perspective of the area's potential.
