Reasons for Seeking to Serve on the Board, Commission, or Committee:

This opportunity is an ideal blend of my practical talents and my heartfelt interests, which is why I aspire to contribute to this board. My parents' devotion to their community in my Maryland hometown made community service a core value of mine from a young age. I hope to bring this conviction to life and help foster and further public engagement with historic preservation in Albemarle County. Engaging with our local leadership to provide judicious recommendations is central to this role, and I add the unique perspective of a citizen and student of history. As a Ph.D. candidate at the University of Virginia, I am drawn to the collaborative and real-world importance of public history outside of traditionalized academic settings, and feel it is my duty to help deepen and empower public connection with the past. Charlottesville, Albemarle County, and the surrounding environs are undergoing rapid population growth as well as other sweeping changes and development. This council is faced with a huge challenge of shaping the future of the County by intertwining the present with Albemarle County's past, honoring and protecting its history. It is more urgent than ever that Albemarle County undertake the same historic preservation efforts with which this council is tasked. The committee can address this challenge through attention to detail and a responsibility to carry out a number of tasks, including identifying local historic properties, working with new owners of historic properties, and promoting preservation that all require a thorough understanding of the historical context and current significance. All of these issues facing the County today will grow in scale and scope in step with our community growth. In each chapter of our national history, the commonwealth of Virginia has played a major part, and the rich history of Albemarle County is older than our nation itself. This board has a challenging task of working in local historic preservation with an audience composed of tourists from virtually all over the world. It requires a high level of dedication, professionalism, and decorum as a representative of the committee. My current academic program and past public service roles are uniquely prepared to contribute and protect the histories of all Albemarians, and I am also excited to learn, particularly about incentivization to motivate historic preservation and the interdisciplinary nature of cross-collaboration with the county planning.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I have a strong interest in criminal justice, mental health, and preserving history. As it relates to criminal justice, I have seen how minorities are disproportionately affected and want to be a part of the solution. As it relates to Mental Health, I'm a mental health advocate and have been a both mental health worker and also a client at various points in my life, offering a unique perspective. I believe our local CSB (Region Ten) could greatly be improved and am committed to doing my part to have high quality services for all. As it relates to preserving history I am the 7th generation descendant of the enslaved families of Monticello, so I understand that preserving history is important. I have a strong desire to be more active in my community. As a minority, I think it is very important to have diversity on boards and commissions. as well also get a better understanding the structure and operations of board and committees. I travel frequently for work and leisure from CHO.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I am currently a member of the Joint Airport Commission and desire to seek reappointment on the commission. I frequently utilize CHO for both business and personal reasons and feel strongly that we need to have a viable and comprehensive airport to serve our residents and businesses. The Charlottesville-Albemarle Airport is vital to our economy and the businesses in our region. CHO has excellent leadership and made great strides to be competitive with other regional airports, which is evident in the growth of passenger traffic over the years. The capital improvements at CHO have been exceptional and enhance the experience of our travelers. Although we have experienced difficult times in recent months with the pandemic, I have personally seen the hard work and dedication of the airport personnel and commissioners to continue to strive to make CHO the best option for travel in our region. I am convinced with continued strong leadership CHO will persevere. It has been an honor to be a commissioner and will strive to promote CHO, which is why I ask for your support in reappointing me to a full term to the Joint Airport Commission.

Environmental Education, Natural History, Photography, Interpretation

Reasons for Seeking to Serve on the Board, Commission, or Committee:

In order for the people of Albemarle County to get on board with protecting our biodiversity, they must understand its importance. As a professional in Interpretation and Environmental Education I have long experience in educating children and adults about the natural world. Additionally, through attending annual conferences of my professional organizations, I have close contact with others from around the country who are dealing with similar challenges. I would be pleased to use my experience to support the work of this committee.
