Richard W. B. Ruffin
1425 Trailside Ct., Unit 405
Charlottesville, Virginia 22911

RICHARD W. B. RUFFIN earned a B.A. (Phi Beta Kappa) in History from Yale University and an M.A. in Philosophy, Politics and Economics from Oxford University, where he was a Rhodes Scholar.

He served as Communications Officer on a destroyer in the U.S. Navy during the Vietnam War, and afterwards worked as a systems analyst in the Office of the Secretary of Defence.

He left government service in 1971 and devoted himself thereafter to the faith-based work of Initiatives of Change (IofC) (www.iofc.org), formerly known as Moral Re-Armament. It seeks to resolve conflict by building trust across the world's divides and by facilitating honest conversation between opposing groups and individuals. He served as its Executive Director in the United States for 23 years, retiring in February 2003. From 2002 until October 2010, he was Executive Vice-President of Initiatives of Change International, an Association of IofC national chapters and programs in over thirty countries.

He was responsible for the Caux Forums for Human Security (www.cauxforum.net), which for eight years brought together 300 senior diplomats, politicians, intellectuals, civil society leaders and grass roots activists from around the world at the IofC Center for Reconciliation in Caux, Switzerland.

As Executive Director of IofC, he played a key role in launching several initiatives. Prominent among these is The Caux Round Table (www.cauxroundtable.org), an international network of senior business leaders that seeks to promote a moral capitalism. Its Principles for Business are among the most widely disseminated guidelines for principled business leadership in the world.

Another initiative of national scope is Hope in the Cities (www.hic.iofc.org). Since 1992 it has worked effectively to build trust across racial divides by promoting honest conversations on race, reconciliation and responsibility. It has played an important role in race relations in Richmond, Virginia. It has pioneered the practice of helping communities, such as Richmond, walk through their racial history as a means of healing wounds of the past.

Ruffin has traveled widely in support of IofC programs on every continent.

He has served on several non-profit Boards in the Washington area. After his retirement, he moved to Culpeper County, VA, where he continued to take part in church and community activities.

He was born in Norfolk and has lived most of his life in Virginia. He now lives with his wife, Randy, in Charlottesville, Virginia. They have two grown children.

Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

Responsibilities:

1. Serve as liaisons
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.
