Roger Schickedantz, AIA, LEED AP BD&C
Director

September 7, 2019

Roger Schickedantz is a Director, project manager, and architect at William McDonough + Partners where he has worked for 25 years.

At the firm, he has led many groundbreaking projects well known for their accomplishments in the field of sustainable architecture, including Herman Miller's "Greenhouse" factory and the Environmental Studies Center at Oberlin College. Recently completed buildings include a motorcycle factory and an R&D center in India for Hero MotoCorp, and the Southside Soapbox factory in Chicago for Method Home.

Green roofs have been a distinctive feature in the work of WM+P since 1994, starting with the building now serving as YouTube's headquarters. Roger has led the firm's evolution in green roof technology, from the 10-acre Ford Rouge Plant rooftop completed in 2003 to the hydroponic greenhouses recently occupied by Gotham Greens in Chicago.

Current work includes an academic building for the Universidad EAN in Bogotá, Colombia. Roger speaks often on the work of William McDonough + Partners and the Cradle to Cradle® philosophy, highlighting the firm's focus on beneficial, regenerative environments.

Cradle to Cradle® and C2C® are registered trademarks of MBDC, LLC.

Diane M. Grieder, M.Ed.

141 Blackthorn Lane
Charlottesville, VA 22902
Cell (757) 647-8716
Email:
dianemgrieder@gmail.com
Email: alipar1832@gmail.com

Qualifications

Diane M. Grieder is a self-employed consultant, working with private and public sector organizations to help them achieve national accreditation (CARF), implement quality improvement systems (including performance management), improve clinical documentation, implement person-centered treatment planning, conduct team building and staff development activities, and to perform organizational systems reviews.

She was a surveyor for CARF, The Rehabilitation Accreditation Commission (1987 to 2006). Diane conducts accreditation preparation surveys, systems analysis, and person-centered care/planning trainings and technical assistance throughout the country at behavioral health care organizations.

Diane has published Treatment Planning for Person-Centered Care, Elsevier/Academic Press, co-authored with Neal Adams, MD, MPH in December 2004 and the revised second version in 2013. Diane and Neal have also published "Making Recovery Real: The Critical Role of Treatment Planning," Behavioral Healthcare Tomorrow, Vol. 13, No. 5, October 2004, as well as co-authored a chapter on person-centered planning in the 2012 American Association of Community Psychiatrists Handbook of Community Psychiatry. She is also a co-author with Janis Tondora, Chacku Mathai, and Larry Davidson of a chapter in *Best Practices in Psychiatric Rehabilitation* on "Person-Centered Planning", published in 2014 by the Psychiatric Rehabilitation Association.

Diane has also been a presenter at national conferences such as PRA, NCCBH, CARF, NYAPRS, and NASMHPD. In May 2012 she presented with Dr. Adams at the 5th Geneva Conference on Person-Centered Medicine in Switzerland.

She has done consulting work, primarily whole state systems, for NASMHPD/NTAC. AliPar, Inc. was awarded a contract from **SAMHSA** to develop 4 training guides on person and family centered planning (2006). She was a member of SAMHSA's workgroup on Person-Centered Treatment Planning as well as a presenter at SAMHSA's National Consensus Conference on person and family centered planning (12/05).

Diane was appointed to the National Josiah H. Beeman Commission in Fairfax, Virginia, on behalf of the Board of Supervisors, to evaluate and transform the mental health system in Virginia (January 2007).

Diane's experience includes work with Northrop Grumman IT's national evaluation of opioid accreditation, through a contract awarded by SAMHSA, as the "accreditation advisor." She has also worked with Danya International under the auspices of a NIDA grant to develop a "Performance Measurement for Treatment Improvement" website.

Experience

1997 - Present
Health

**Owner AliPar, Inc./Quality Behavioral
Resources, Charlottesville, VA.**

AliPar provides training and technical assistance across the country and overseas to whole state systems, psychiatric hospitals, community behavioral health programs, person-centered health homes, and managed care organizations. Providing accreditation readiness, person-centered treatment planning trainings and technical assistance, policy and procedure development, organizational management reviews, strategic planning, and quality improvement and performance improvement consultation.

1/99 - 5/31/2000

**CARF Project Director
CSAT Opioid Treatment Accreditation**

Study

On a part-time basis, leading CARF's efforts to implement accreditation at all opioid maintenance treatment programs in the United States as part of the CSAT research/impact study.

1988 - 2005

CARF Surveyor

Conducted over 100 CARF behavioral health surveys throughout the US and Canada while working full-time in other employment

1992.1997

**Director, Administration & Quality
Management
Hampton-Newport News Community
Board, Newport News, VA.**

Services

Responsible for human resources, staff training and development programs, management information systems, quality improvement, medical records, outcome evaluation, accreditation/licensing, and risk management functions for this \$25 million budget organization with 600 employees. The CSB provides all the mental health, intellectual disabilities and substance abuse services for both communities. Represented H-NNCSB at state-wide committees/task forces, including social services departments, criminal justice agencies, managed care organizations, the Department of Mental Health, universities, local government, and other community service boards.

Education

Master of Education, Counseling (Group Process) 1977, Seton Hall University, South Orange, NJ.

Bachelor of Arts, Summa Cum Laude, Political Science 1972, Springfield College, Springfield, MA.

SUMMARY

- * Virginia Master Naturalist with professional environmental background
- * working on multiple projects to identify & protect wildlife corridors in NW Albemarle County
- * active with the Virginia Safe Wildlife Corridors Collaborative
- * member of Albemarle County's Natural Heritage Committee & ACE (Acquisition of Conservation Easements) Committee

EDUCATION

Masters Degree (MSPH): Environmental Sciences & Engineering/Public Health, Univ. NC.

Bachelors Degree (BS): Zoology with minor in Botany, Clemson Univ.

WORK EXPERIENCE

Paradise Mountain, Crozet, VA

Managing a 25 acre property with mountain stream, pond, hiking trails, rental home and upscale short-term rental apartment.

- * designed & coordinated 3 sets of building/renovation
- * managing acreage for invasive plants; received a USDA grant through PRISM to assist
- * researched & tested options to successfully remove watermeal from pond; multiple ongoing efforts to enhance pond quality, using university & manufacturing experts

Vista Environmental Inc., Evergreen, CO

Established cutting edge environmental consulting service for corporations.

- * Delineated global strategies addressing international environmental regulations.
- * Developed a recycling business venture addressing manufacturing & business equipment.
- * Developed an environmental design guide for IT equipment, coordinating engineering input from Fortune 100 manufacturers.

Nortel (Canadian global IT manufacturer), Research Triangle Park, NC

Environmental Manager, Asset Recovery - North America

Researched & initiated outlets for recycling discarded office and manufacturing materials.

Conducted environmental audits to select processing facilities.

Eastern U.S. Environmental Specialist

Corporate environmental program coordinator for 12 sites (2.7 million ft.²; 9,000 employees).

- * Supervised cleanup of 2000 gallon fuel release into a Chesapeake Bay tributary; coordinated regulatory agencies and contractors; achieved at 60% below projected cost.
- * Coordinated soil & groundwater investigation & remediation projects for fuel and solvent releases.

Duke University Medical Center, Durham, NC

Ensured compliance with environmental/safety/health regulations (4 million ft.²; 800 laboratories, 12,000 employees).

North Carolina Governor's Waste Management Board, Raleigh, NC

Secured grant funding to investigate US transportation of hazardous materials. Published recommendations to assist state and local governments with managing transportation.

Texas Natural Resources Conservation Commission, Austin, TX

- * Developed & managed regulatory programs for hazardous waste shippers/transporters.
- * Designed and implemented interagency cooperative agreements with the U.S. DOT and the Texas State Troopers; conducted interagency oil industry investigations.
- * Coordinated industrial waste complaint investigations (mostly oil industry related).
- * Served on the Governor's Task Force for Hazardous Materials Routing.

PROFESSIONAL/COMMUNITY SERVICE & AWARDS

- * Founding Member, Citizen Science Association, 2014
- * Developed marketing strategy & utilized strategic partnerships to increase PR contacts 600% for the Institute of Electrical & Electronic Engineers while serving as PR Chair, 1998-1999.
- * Nortel Corporate Presidents Award for Excellence, North America, 1994.
- * Durham County Local Emergency Planning Committee, NC, 1988-93
- * Alamance County Recycling & Solid Waste Commission, NC, 1988-90
- * Alamance County Planning Board, NC, 1988-90

Reasons for Seeking to Serve on the Board, Commission, or Committee:

I am passionate about creating systems that support a beneficial relationship with the natural world. My husband and I manage and care for 120 acres under conservation easement in Scottsville. The land is comprised of old-growth beech forests with numerous streams, a large and diverse wetland and three large pastures on the Hardware River. It has been one of the joys of my life to witness this land and the beings that live on it change through the years and the seasons. In terms of interacting with the natural world, we built and maintain over three miles of trails, have planted numerous species of trees and multi-use beneficial plants (including a food forest) and grow and forage for the majority of our food. We also raise goats and graze them in specific areas to reduce invasive species. I take them on walks daily where I observe and get curious about the changes in the forest and plants. This morning, when I was out on the wetland, I saw a small alder tree poking out of the water. At the base, where the tree touched the water, there was a kink where layers of moss, grass, a small violet plant and the wonderfully mythical old mans beard all lived in dynamic equilibrium. Tadpoles and a newt swam at the base. At the top of the tree, cradled over the water, was a tiny birds nest. Light sparkled from the water onto the nest. I thought gosh, biodiversity truly creates the *magic* in our world. You can imagine how excited I was when I discovered a vacancy on the Natural Heritage Committee. Growing up, I loved visiting my Grandparents on their farm in Buckingham county. Today, the property is an island of green in a sea of tree farms. I have heard many stories from friends and neighbors how the land and trees are often gained through deceptive means. I also have a strong passion for banning glyphosates and other harmful chemicals from everyday use. Needless to say, there are issues that I am passionate about. And I am always looking for simple, reasonable solutions. I have been looking for more ways to get involved on a local level and with my Permaculture training and personal experience, I believe I would be a strong addition to the committee.

How did you hear about this vacancy:

I saw it after reading the 2019 Biodiversity Action Plan

- Uses communication and emotional literacy to maintain harmony with parents and children

Blenheim Vineyards (2018-2020)

- Works as a team member to provide an enjoyable and informative experience for customers
- Highly personable, regularly requested by return customers

Let's Talk USA (2016-2019)

- Co-founder and Head of Communication
- Coordinated a 3,200 mile walk across the USA and social campaign to research cell phone addiction
- Sent weekly email updates, organized speaking events across the country and secured donations and sponsorships from big name brands including REI

The Kula Project - Kigali, Rwanda (2015- 2018)

- Nonprofit supporting the dreams of local farmers
- Community Liaison, utilizes strong cultural competency, building relationships with locals and donors
- Team member through full-cycle of large projects including the construction of a coffee washing station

EMMA ANDREWS

resume

PERSONAL STATEMENT

To Whom it May Concern,

As the oldest and only daughter of five children, I was born and raised a leader. I grew up attending leadership trainings and programs on the weekends and caring for my family during the week. I have a strong awareness of my abilities to hold both a position of power and to lead from the heart.

I was the first student from my city to choose to go to college outside of the United States. I accepted a place at the University of St Andrews in Scotland where I studied Social Anthropology, with a focus on Community Design. I was a founding member of a student-run photography organization, Lightbox, and served on numerous committees and boards. My dissertation was titled "Reclaiming Memory in Native and African-American Literature" and focused on story-telling as a tool to heal from structural violence. I gained first-hand knowledge of this work in Rwanda building strong and lasting relationships with local families, creating plans for positive change and implementing them in their communities.

In 2016, I co-founded Let's Talk USA, a social campaign to research cell phone addiction in the USA. While my partner walked alone across the country with a push-cart of supplies, I secured sponsorships from brands including REI, and organized press and events across the world, including front-page spreads, radio interviews and TedX events. I am highly organized and responsible and have a gift for managing multiple live situations at once. I am known to many as 'the clarifier' for my clear vision, understanding and decision making skills.

For the past three years, I have been managing an estate and the surrounding 120 acres. I am very confident in my ability to manage projects and maintain regular updates and communication with those involved. I have led teams of carpenters, painters, electricians, plumbers and masons, with a focus on high quality workmanship, thoughtful spending and efficient use of time and energy. I believe my education in Permaculture Design, which includes resource management, natural building methods and project management brings a unique and important perspective to my work.

I would be honored to bring my leadership skills, creative solutions and positive energy to your team.

Emma Andrews

Upload a Resume

Richard W. B. Ruffin
1425 Trailside Ct., Unit 405
Charlottesville, Virginia 22911

RICHARD W. B. RUFFIN earned a B.A. (Phi Beta Kappa) in History from Yale University and an M.A. in Philosophy, Politics and Economics from Oxford University, where he was a Rhodes Scholar.

He served as Communications Officer on a destroyer in the U.S. Navy during the Vietnam War, and afterwards worked as a systems analyst in the Office of the Secretary of Defence.

He left government service in 1971 and devoted himself thereafter to the faith-based work of Initiatives of Change (IofC) (www.iofc.org), formerly known as Moral Re-Armament. It seeks to resolve conflict by building trust across the world's divides and by facilitating honest conversation between opposing groups and individuals. He served as its Executive Director in the United States for 23 years, retiring in February 2003. From 2002 until October 2010, he was Executive Vice-President of Initiatives of Change International, an Association of IofC national chapters and programs in over thirty countries.

He was responsible for the Caux Forums for Human Security (www.cauxforum.net), which for eight years brought together 300 senior diplomats, politicians, intellectuals, civil society leaders and grass roots activists from around the world at the IofC Center for Reconciliation in Caux, Switzerland.

As Executive Director of IofC, he played a key role in launching several initiatives. Prominent among these is The Caux Round Table (www.cauxroundtable.org), an international network of senior business leaders that seeks to promote a moral capitalism. Its Principles for Business are among the most widely disseminated guidelines for principled business leadership in the world.

Another initiative of national scope is Hope in the Cities (www.hic.iofc.org). Since 1992 it has worked effectively to build trust across racial divides by promoting honest conversations on race, reconciliation and responsibility. It has played an important role in race relations in Richmond, Virginia. It has pioneered the practice of helping communities, such as Richmond, walk through their racial history as a means of healing wounds of the past.

Ruffin has traveled widely in support of IofC programs on every continent.

He has served on several non-profit Boards in the Washington area. After his retirement, he moved to Culpeper County, VA, where he continued to take part in church and community activities.

He was born in Norfolk and has lived most of his life in Virginia. He now lives with his wife, Randy, in Charlottesville, Virginia. They have two grown children.

JOHN N. LEWIS

100 West Park Drive, Charlottesville, VA 22901 | 434-465-1613 | jnlewis@gmail.com

IT Leader

IT Operations Management: IT leadership with emphasis on operational efficiency and legacy systems modernization and simplification. IT best practice implementations following international standards (ITIL, ISO27001, NIST, PCI DSS).

Information Security and Compliance: implement and drive information security risk management into daily processes.

Senior Project Manager/Analyst: translate complex topics to business units while building relationships and working with matrixed environments to drive the delivery of large-scale initiatives.

PROFESSIONAL EXPERIENCE

LUMOS NETWORKS | Waynesboro, Virginia
2018

2011 -

Vice President, Information Technology (Senior Director 2011-2014)

Led Corporate back-office IT infrastructure, networking, applications, information security, application development, desktop support, project management, and operations leader for \$200+ million annual revenue regional telecom.

- Directly supervised 6 and managed more than 50 employees and contractors, with an average annual ~\$10 Million budget in 6 departments: Infrastructure, Information Security, Software Development, Operations, User Support, and PMO direct reports.
- Smoothly integrated IT applications, staffing, and data through 2 acquisitions (Clarity Communications, NC and DC74 Data Centers, NC), and one merger (Spirit Communications, SC).
- Directed multiple on-premise system upgrades, migrating application stacks to virtualized and segregated architectures.
- Coordinated several enterprise application migrations, including ERP migration from Oracle JDE to EBS.
- Effectively supported 30 enterprise applications, and 60 key departmental applications, with an ongoing focus to reduce legacy complexity through functional consolidation and virtualization.
- Presented technical and analytical updates as subject matter expert at multiple board meetings and assisted with M&A activities by reviewing multiple potential targets IT functions

Key Achievements:

- Strategically reduced IT operational budget from \$10 to \$7 million by reducing staff, renegotiating contracts, consolidating vendors, and accelerating legacy system retirements and upgrades.
- Directed Lumos effort in the successful IT separation from NTELOS as part of the Lumos spin-off event in 2011.
- Hired and built cohesive IT team of 55 comprising of legacy NTELOS and new staff.

NTELOS COMMUNICATIONS | Waynesboro, VA
2011

2004 -

Manager, IT Assurance Services

Managed corporate information security, business continuity, change management and compliance program to protect corporate revenue and image while meeting regulatory and industry compliance requirements for \$450 million annual revenue regional telecommunications company with 1200 employees.

- Architected corporate information security, business continuity, change management and compliance based on industry standards.
- Built and managed an information security and compliance monitoring, reporting and response infrastructure to improve visibility and accountability of IT user, system and network activity and changes.
- Advised IT assurance risks with executive leadership, including board Policy and Audit Committees.

Key Achievements:

- Directed implementation of change control procedures and a software development lifecycle (SDLC) resulting in improved change management processes, controls, and visibility for IT Department.
- Implemented an enterprise information security policy framework to meet internationally recognized standards
- Coordinated corporate IT's Sarbanes Oxley compliance rollout, creating and demonstrating IT controls.
- Successfully led enterprise effort to audit, assess and comply with the industry PCI Data Security Standard.

CITY OF CHARLOTTESVILLE | Charlottesville, VA
2004

2002 -

Security Systems Engineer

Engineered city-wide IT security program, business continuity planning, network, and engineering architecture. Part of the IT management/leadership team.

- Designed and executed information security audit, using quantitative risk analysis.
- Performed many senior network engineer duties including building and managing firewalls, VPN, DNS, intrusion detection, web proxy, and monitoring programs; provided guidance to cross-functional internal and external teams.
- Developed and rolled out Charlottesville's first city-wide information technology security policies. Conducted training sessions for all city departments.

RETURNBUY | Ashburn, VA
2002

2000-

Director of Technology Operations and Infrastructure

WOODBERRY FOREST SCHOOL | Woodberry Forest, VA
1997 - 2000

Director of Technology, JV Lacrosse Coach

ILLINOIS STATE MUSEUM | Springfield, IL
1996 - 1997

Internet Developer/Computer Engineer

QUANTUM RESEARCH CORPORATION | Bethesda, MD
1993 - 1996

Internet Developer/Project Manager

Interests:

Age friendly communities; community service; community development; running; reading; current affairs especially locally.

Reasons for Seeking to Serve on the Board, Commission, or Committee:

As E.D. of The Center which opens in Belvedere in spring, 2020, we will have a major impact on the Rio/29 area, and how the area develops will have a major influence on our success serving all of Albemarle as well as the City and surrounding counties. I bring a perspective on age-friendly issues that I think brings value in discussions for small area planning, particularly the Rio/29 area which has the new Center, is within a mile of JABA, and has lots of aging residents and users of the homes and services in this area. I have been looking for an opportunity to serve Albemarle and this seems like the right fit.

Peter M. Thompson

1401 West Pines Drive, Charlottesville, VA 22901

434-990-0180 (cell) Peter.m.t@comcast.net

Proven and passionate leader of philanthropic organizations with 22 years of executive leadership in strategic planning, building community collaborations, and developing staff and Boards of Directors. Led continuous improvement and growth in programs to meet changing community needs. Developed vital and high impact organizations through financial and operational management, serving as organizational spokesperson, and improving donor and stakeholder relationships.

EXPERIENCE

Senior Center, *Executive Director*

1999-Present

Leadership and Strategy

- Initiated organization's first strategic planning process in concert with Board of Directors, staff and with other stakeholder input
- Led visioning process that developed plan to address doubling of area senior population focused on building a new Senior Center and longer-term satellite delivery
- Initiated board development process that eliminated un-planned turnover
- Aligned staff to meet strategic goals and continual organizational growth
- Implemented program evaluation system to ensure effectiveness and efficiency
- Initiated program expansion by increasing operating hours by 40% and launching Next Chapter program to meet changing needs and demographics of community
- Through prudent business practices and increased philanthropy and earned income, doubled annual budget to \$1 million; achieved 13 years of unqualified audits; and built adequate financial reserves and endowment
- Reduced annual turnover from 57% to 12% by empowering 13-person staff, including two middle managers, and increasing professional growth experiences
- Initiated diversity training to ensure Center is inclusive for a wide variety of participants
- Initiated accreditation; one of .01% of senior centers to achieve national accreditation

Resource Development and Relationship Management

- Developed culture of philanthropy through capacity building (adding development staff, donor database, prospect research), providing high quality donor services and stewardship, and aligning donor interests with Center initiatives
- Served as primary donor relations officer for cultivation, stewardship, and solicitation
- Initiated annual campaign; increased campaign by over 400% over 12 years through a wide variety of strategies with an emphasis on major gifts
- Initiated multiple donor stewardship strategies, including individual attention, engaging donors in visioning, and creating recognition societies, to build relationships
- Created planned giving program; secured \$3 million in planned gifts and gift expectancies through bequests, real property, charitable gift annuities, and charitable trusts
- Developed 16 new local foundation supporters through networking and improved donor service

Public Relations

- Successfully served as spokesperson and representative on local media, as well as public speaking to key stakeholder groups and a wide variety of community organizations
- Developed 20+ new community collaborations with private, governmental, and nonprofit organizations to leverage resources and enhance program delivery
- Increased community awareness of Center through public speaking, social media, Open Houses, development of Annual Report and other print material

- Secured funding to professionally re-design web site to position Center as high impact, contemporary, relevant community resource

Peter M. Thompson

page 2 of 3

WMRA National Public Radio, *Director of Corporate Relations* 1998-1999

- Raised \$100,000 in corporate support, a 40% increase over prior year
- Negotiated partnerships and media sponsorships of area arts festivals and civic events

WVPT Public Television, *Director of Development/Charlottesville Representative* 1996-1998

- Through strategic planning and enhanced donor stewardship, increased Auction revenue by 325% and secured largest underwriting contract in station's 30 year history
- Extensive radio and television training in communicating organizational mission

Rococo's Restaurant, *General Manager* 1988-1996

- Directed original start-up and expansion that doubled seating capacity; responsible for all profit and loss of operation with \$1.4 million annual sales
- Oversaw increases in revenue and profit margins for eight consecutive years

- Microsoft Word, Microsoft PowerPoint, and Microsoft Excel
- SPSS, Qualtrics Survey Software, & data entry experience with multiple systems
- LAURIS case management and counseling system
- FosterFocus client documentation system
- Methasoft patient documentation system
- Extensive knowledge in documentation

Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

1. Serve as liaisons by:
 - a) Contributing to public understanding of and encouraging support for Master Plan implementation;
 - b) Keeping the community informed of the needs, purposes, and progress of Master Plan implementation;
 - c) Encouraging interest and participation in community and county efforts related to the Master Plan and participation in public meetings; and
 - d) Enhancing collaboration among all community stakeholders.
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

Overview

 **Size** 19 Seats

 **Term Length** 2 Year

 **Term Limit** 3 Terms

Additional

Length of Term

Members will be appointed for either a 2 or 3 year term to stagger the transition of new members on and off the council. After initial appointments, terms will be for 2 years. While Members will be generally expected to serve no more than 2 terms, additional terms may be considered if desired and if the Board of Supervisors deems appropriate.

Frequency/Times for Meetings:

3rd Thursday of each month at 7:00 pm in Room C at the County Office Building - 5th Street, unless otherwise noted.

Membership:

The Board of Supervisors shall appoint 12-15 members to the Committee. Each member shall be a resident of or business owner in Albemarle County and the member's home or business shall be located within the Committee's geographic area. An individual may not serve on more than one Community Advisory Committee. The representations for the Committee will strive to appoint members from a geographically diverse representation from the following: • Residential neighborhoods • Business community • Institutional community • Developer community • Industrial community • Southwood Village Mobile Home Park • Woolen Mills • Representative for trails and parks • Other stakeholders as deemed appropriate by the Board

Acquisition of Conservation Easements (ACE) Committee

Board Details

Assist in the implementation of the ACE program. Assist program administrator in program start-up, including development of application materials, intake and review procedures, and marketing materials and a marketing plan. Promote ACE program by providing educational materials to the public and conducting information meetings. Review ranking of applications recommended by program administrator, and make its recommendation to the Board as to which conservation easements should be purchased. Review list of ranked parcels submitted by program administrator and rank parcels in order of priority it recommends easements shall be purchased. Forward to the Board its recommendation of which easements should be purchased. Annually review the program's eligibility and ranking criteria and recommend to the Board any changes needed to maintain the program's consistency with the comprehensive plan, or to improve the administration, implementation, and effectiveness of the program.

Albemarle County Natural Heritage Committee

Board Details

The Natural Heritage Committee is an advisory committee that maintains the County's Biodiversity Assessment; advises the Board of Supervisors, the Planning Commission, and County staff on applying biodiversity information to land-use decision-making; and supports biodiversity education in the County.

TASKS:

- A. Input on and oversight of the maintenance, expansion, updating, and evaluation of the ongoing Biodiversity Assessment begun by the Biodiversity Work Group, and development of a protocol for assessing changes in the state of biodiversity (with reference to planning goals).
- B. Assistance in staff development of an action plan that specifies detailed steps for achieving protection of biodiversity as outlined in the Comprehensive Plan.
- C. Development of policy recommendations to the Board in response to biodiversity issues and information gathered from the Biodiversity Assessment. The Committee should be consulted on programs, regulations, and Comprehensive Plan changes that may affect biodiversity protection.
- D. Development of educational materials and programs on biodiversity.
- E. Provision of periodic reports to the Board of Supervisors on the state of biodiversity in the County.

Overview

 **Size** 12 Seats

 **Term Length** 4 Year

 **Term Limit** N/A

Additional

Length of Term

Initial appointments will include four four-year appointments, four three-year appointments, and four two-year appointments. Thereafter, appointments will be for four years.

Frequency/Times for Meetings:

First Thursday of each month 5:30 p.m. - 7:30 p.m.

Membership:

The Board of Supervisors shall appoint ten to twelve members. Applicants need not be County residents. However, total committee membership should consist of some County residents.

Qualifications

The Committee should include members with expertise or background in one or more of the following fields, to support the Committee's role as a technical advisory group: • natural history (including those with detailed knowledge of local wildlife, plants, and other resources); • terrestrial, aquatic, and landscape ecology; • biological conservation and conservation planning; • population genetics; • forestry; • geology and soils; • geographic information systems for conservation; • science education (adult and youth); • agribusiness. The group should also include local landowners and citizens with interests in biodiversity conservation, farming and forestry, and conservation-oriented rural and urban development. If possible, these general citizen representatives should be residents of the County.

Appointing Authority Board of Supervisors

Board Details

The Advisory Committees will provide assistance, feedback and input to County staff and the Board of Supervisors on community and county efforts related to implementation and support of the adopted Master Plan, in accordance with established county procedures. Advisory Committee members will communicate with their constituencies to increase understanding of and support for successful implementation of the Master Plan. The membership is broad-based to incorporate a variety of perspectives and ideas and to provide citizens, business people, and representatives of community groups a chance to be engaged and to be heard in a constructive and meaningful way.

The Committees will be a catalyst for helping foster a sense of community and work towards effective and efficient Master Plan implementation. Committees are a venue to discuss and provide comments on program and policy questions and/or proposals. Community Advisory Committees are an important venue for discussion and Committees can provide feedback and indicate preferences related to development proposals, although Committees do not have a legislative role in the development process.

Responsibilities:

1. Serve as liaisons
2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents.
3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges.
4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested.
5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy.
6. Commit to support and work to implement the adopted Master Plan.
7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

Overview

 **Size** 15 Seats

 **Term Length** 2 Years

 **Term Limit** 3 Terms

Additional

Length of Term

One-third of the initial appointments will be for a one-, two-, or three-year term. The Board of Supervisors will indicate which term length when the first members are appointed. Following appointment of the initial members, new members will be appointed to three-year terms, provided, however, appointments to replace a member failing to complete a term shall be for the unexpired term of that member. Members may be reappointed for successive terms. Members serve at the pleasure of the Board and may be removed from the Committee by a majority vote of the Board.

Frequency/Times for Meetings:

The Committee will begin its tenure with a series of introductory training sessions regarding master planning and the Pantops Master Plan. After these introductory sessions, Committee members will elect a chair and vice chair, who will work with County staff to prepare meeting agendas and conduct the meetings. The Committee may wish to meet bimonthly or monthly, and may call additional meetings if needed.

Membership:

The Board of Supervisors shall appoint ten to fifteen members to the Committee with representation from the following: Pantops citizens at large Property owners and Stakeholders Business community members Civic/neighborhood organizations Representatives from adjoining areas City of Charlottesville neighborhood planners and County Community Development Department employees/representatives will interact with the group as needed. In conjunction with the Rivanna District Planning Commissioner and Board Member, the Pantops Neighborhood Planner will seek to recruit a pool of members that ensures diversity and a broad representation from the Pantops and fringe areas. There will also be a Planning Commission liaison appointed to the Committee who will attend Committee meetings and will report back to the Planning Commission at its regular meetings with a synopsis of the Committee's meetings and activities, as appropriate. The liaison, along with other Commissioners, may identify Planning Commission agenda items or updates that should be provided to the Committee and to citizens living in the greater Master Plan area. The Pantops Neighborhood Planner will coordinate all staff support to the Committee and will ensure that Council meeting agendas, materials and supplies are provided.

Qualifications

Responsibilities: 1. Serve as liaisons by: 1) contributing to public understanding of and encouraging support for Master Plan implementation; 2) keeping the community informed of the needs, purposes, and progress of Master Plan implementation; 3) encouraging interest and participation in community and county efforts related to the Master Plan and participation in public meetings; and 4) enhancing collaboration among all community stakeholders. 2. Gather input from constituencies represented and bring these issues to the attention of staff and the Committee, and distribute information from the Committee back to constituents. 3. Stimulate creative thinking in examining implementation issues and identify ways of using community resources to meet implementation needs and challenges. 4. Provide advisory input, comments, and information to the Board of Supervisors on new and emerging policies, projects, and programs as requested. 5. Maintain a forward-looking agenda with respect to adopted Master Plans and policies of the Board of Supervisors. Committee meetings are not the appropriate venue to oppose adopted policy. 6. Commit to support and work to implement the adopted Master Plan. 7. Work with Staff to provide an annual report of activities to the Board of Supervisors in accordance with the Board of Supervisors' adopted Rules of Procedure for Boards and Commissions.

Appointing Authority Board of Supervisors

Board Details

This is an advisory board that monitors the formulation and implementation of social welfare programs in the county and advises the director on program and policy matters. Members serve as advocates for the Department of Social Services with the community, the Board of Supervisors, and the State, seeking information regarding department services and the community, and as liaisons between the community and the Board of Supervisors. The board also advises on policies that would help the department focus energy on specific opportunities.

Overview

 **Size** 6 Seats

 **Term Length** 4 Year

 **Term Limit** N/A

Additional

Length of Term

Four years running concurrently with term of Board of Supervisor member making the appointment.

Frequency/Times for Meetings:

Every second Tuesday of the month at 3:30 p.m., COB-5th Street, Room 231.

Membership:

The Board of Social Services is composed of six members, one for each magisterial district. Members are appointed for four- year terms, limited to two consecutive terms. After being off the board for one term, a member is eligible for reappointment.

Qualifications

An interest in all matters pertaining to the social welfare of the citizens of the County and the ability to interact with the community in order to obtain its input.
