**LEGAL REVIEW:** Yes

**REVIEWED BY:** Jeffrey B. Richardson

**BACKGROUND:**

The Commonwealth of Virginia, acting by and through its Department of Transportation (VDOT), has requested the conveyance of portions of Tax Parcel 13600-00-00-02900. As shown in Attachment A, the request includes 735 square feet of prescriptive right-of-way, 2,083 square feet of fee simple land, and 6,744 square feet of temporary construction easement.

Virginia Code § 15.2-1800(B) requires a public hearing for this proposed disposal of County property.

**STRATEGIC PLAN:** Infrastructure Investment: Prioritize, plan, and invest in critical infrastructure that responds to past and future changes and improves the capacity to serve community needs.

**DISCUSSION:**

The subject parcel is located at 9290 Totier Creek Road, in the Scottsville Magisterial District. It is zoned Commercial and is in public use. VDOT plans to replace the structurally deficient one-lane bridge on James River Road (Route 726), crossing the north end of Totier Creek Park west of the Town of Scottsville. The new bridge will accommodate two lanes of traffic, improving vehicular safety of this road. Staff from Albemarle County's Departments of Parks and Recreation and Facilities and Environmental Services have reviewed this conveyance request and have no issues or concerns with the proposed conveyance.

**BUDGET IMPACT:** The County will receive \$400.00 in consideration for this conveyance and VDOT will maintain the bridge. There are no other budget impacts associated with this request.

**RECOMMENDATION:**

After conducting a public hearing on the proposed conveyance, staff recommends that the Board approve the request and authorize the County Executive to sign the deed of conveyance after it is approved as to

substance and form by the County Attorney.
