LEGAL REVIEW: Yes

REVIEWED BY: Jeffrey B. Richardson

BACKGROUND: The Albemarle County Service Authority (ACSA) has requested that the County grant easements for the upgrade of a sanitary sewer line across two County-owned properties: Parcels 04600-00-00-005A0 (adjacent to the Kohl's at Hollymead Town Center) and 046B3-00-00-000A3 (Timberwood Parkway near the Lake Hollymead dam). Attachment A contains a description of the project.

STRATEGIC PLAN: Infrastructure Investment - Prioritize, plan, and invest in critical infrastructure that responds to past and future changes and improves the capacity to serve community needs.

DISCUSSION: The specific locations of the proposed easements are set forth in the attached plats (Attachments B and C). The sewer line would be buried within the easement and there would be no above-ground facilities. The proposed easement would not interfere with the County's use of its property.

Virginia Code § 15.2-1800 requires a public hearing prior to the proposed conveyance of these interests in County-owned property.

BUDGET IMPACT: There is no budget impact.

RECOMMENDATION:

Following the public hearing, staff recommends that the Board adopt the attached Resolution (Attachment D) approving the requested conveyance of ACSA easements and authorizing the County Executive to execute any documents necessary to convey the easements in a form approved by the County Attorney.
